VIDANT HEALTH™

Annual Transplant Symposium
Honoring Kim Thomas

Tuesday, October 9, 2012

Greenville Hilton
207 SW Greenville Boulevard
Greenville, North Carolina

Co Provided by
Vidant Medical Center, Transplant Services
Brody School of Medicine at ECU, Department of Transplant Surgery
and the Office of Continuing Medical Education
at East Carolina University

Provided by
EAHEC Department of Nursing Education

The Transplant Symposium will focus on expanded options for transplantation and the management of transplant recipients. A patient panel will provide perspectives on the living donor transplant process including paired kidney exchange from the patient's and family's perspective. There will be a discussion of the long term management of the transplant recipient. The keynote speaker, Dr. Robert Stratta, Director of Transplantation at Wake Forest Baptist Medical Center, will address maximizing transplantation by matching the right kidney with the right recipient.

TARGET AUDIENCE

This conference has been designed for nephrologists, nurses, dialysis technicians and other caregivers of patients with end organ failure in Eastern North Carolina who, in collaboration with the Vidant Medical Center Transplant Team, strive to assure the health and well-being of the region's patients.

COURSE CONTENT

Upon completion of the conference those attending should have greater knowledge and understanding of the strategies to integrate into practice new developments in the following areas:

NEW OPTIONS FOR TRANSPLANTATION: SPECIFIC PATIENT POPULATIONS

Describe the evaluation and transplantation in Hepatitis C and HIV infected patients.

LONG TERM MANAGEMENT ISSUES IN THE TRANSPLANT RECIPIENT

Outline the long term medical management of the transplant recipient.

PATIENT PANEL: PERSPECTIVES FROM LIVING DONORS AND RECIPIENTS

Review living donation and transplantation from the patient perspective.

PAIRED KIDNEY EXCHANGES: SWAPS AND CHAINS

Identify the principles and methods of expanding the living donor transplant option through paired kidney exchange programs.

"KIDNEY TRANSPLANTATION IN 2012: O KIDNEY WHERE ART THOU?"

Analyze strategies for maximizing opportunities for transplantation.
