

## **ADVISING DEPARTMENTS**

Advising of undergraduate students at East Carolina University is primarily a two-step process. Professional advisors within the advising center structure typically advise students who are admitted into General College (GC) and University College (UC). Exceptions are indicated on the following list. Once a student is eligible to declare a major, he or she is then advised by a faculty member within the declared major department.

EC Scholars and Honors Program students should also be meeting with the Honors/EC Scholars Program advisors in Brewster D 107 to ensure they are meeting program requirements.

The following pages contain the majors (in alphabetical order) and the appropriate advising center/department.

### **Advising Declared Students**

**(EDUC are intended majors—declared are advised by program area faculty advisors)**

<b>All declared major students are advised by the department where the major is offered with the following <u>exceptions</u>:</b>	
<b><u>Declared Major in:</u></b>	<b><u>Advised by:</u></b>
