

## **REPETITION OF COURSE WORK**

The Raise Grade Policy and Grade Replacement Policy allow students to repeat courses within guidelines. Students may not receive credit for the same course, unless indicated in the course description located in the back of the catalog. Advisors and students need to carefully review ECU records, transfer audits and other types of course credit (AP, CLEP, IB, etc.) to avoid registering for courses already credited. All questions should be directed to the Office of the Registrar.
