I. Call to Order

1. September 22, 2016 UCC Meeting Minutes have been reviewed, approved and distributed.

II. College of Fine Arts and Communication
School of Art and Design
(Cynthia Bickley-Green)

1. Revision of an Existing Degree: BFA Art Education

Discussion/Revisions:
Review of edits to catalog copy.

Action: Approved.
III. College of Business
Department of Marketing and Supply Chain Management
(Jason Rowe on behalf of Scott Dellana)

1. Proposal of a New Undergraduate Certificate: Professional Selling. The certificate is not a standalone certificate. Students must be enrolled in an undergraduate program at ECU.

2. Revision of an Existing Course (Title and Course Description): MKGT 4975: Suggested edits to course description included using the correct format and delete the last sentence for more specificity. Under #15 include the course in the listing. Discussed the slight change in the content. Suggested change to verbs in some of the objectives. For example: Develop a marketing plan

3. Revision of Existing Courses (Titles): MKTG 4752, OMGT 4383

4. Banking of Existing Courses: MKTG 4332, MKTG 4342

5. Revision to an Existing Concentration: Changes made in the catalog pages

Discussion/Revisions: Already existing courses with faculty in place. Changed name to Digital commerce from e-commerce. Rationale for change is to prepare students for their first job. Courses to be banked have not been taught for at least 6 years.

Action: Approved as amended.

IV. Thomas Harriot College of Arts and Sciences
Department of Sociology
(Melinda Kane and Donna Kain)

1. Movement of an Existing Minor to a New Academic Home: Women’s Studies

2. Revision of prefix for an Entire Course: WOST to GENS

3. Revisions to Existing Courses (Titles and Descriptions): WOST 2400, 3500, 3930, 4000

4. Revision of an Existing Minor: Women’s Studies

Discussion/Revisions:

Memorandum of Request: Recommended changes to typo, one related to the date. Need to give rationale for why increasing the course credit from 1 s.h. to 3 s.h. (Directed reading course). May create problems with financial aid and the total numbers of hours in the concentration. Changes reflect society changes. The decision about moving it to Sociology is to enable its availability to the students.

WOST 3500 Course Proposal Form: Make change on individual study and put the number of hours. The last objective—“analyze issues about” needs to have a topic added.

WOST 4000 Course: Need to add a course description. May want to edit the justification to make it specific to this course.

a. Marked Catalog Copy: Moved minor to sociology. Make sure edits made in the course proposals are reflected in the catalog pages.

Action: Approved as amended.

V. Thomas Harriot College of Arts and Sciences
Department of Sociology
(Melinda Kane)

1. Revision of an Existing Degree: BS Applied Sociology
Discussion/Revisions:

Memorandum of Request: edits made related to the use of cognates and foundation courses changed. Need another item delineating the changes desired. Discussed for consideration a decrease in the number of hours in the minor.

Action: Approved as amended

Thomas Harriot College of Arts and Sciences
Department of Political Science
( Jonathon Morris)

1. Revision of an Existing Course: POLS 4175
2. Revision of an Existing Degree: BS Political Science

Discussion/Revisions: Desire to make a common core with concentrations (24 hours). Remove communication cognate. POLS 4175 suggested edits made. Discussion about how the material is presented in the catalog with the use of “or” which makes it difficult to read.

Action: Approved as amended.

VII. Thomas Harriot College of Arts and Sciences
International Studies
( Beth Ann Bee on behalf of Marie Lounsbery)

1. Revision of an Existing Minor: International Studies
2. Proposal of a New Course: INTL 4500
3. Deletion of an Existing Course: INTL 5000

Discussion/ Revisions:

Memorandum of Request: The proposed changes included changing number of hours in minor and adding one new course. Will eliminate concentrations and offering more electives. Need to remove information in the catalog copy since the students will not have specialization in a region. INTL 4500 was changed from a 5000 level course. Marked Catalog Copy: Reminded to make sure the catalog matches the changes discussed.

Action: Motion approved as amended.

Institutional Planning and Accreditation
(Lori Flint)

• Request for Review of Curriculum and Program Approval Processes
  o Memorandum to Members of the Undergraduate Committee
  o Memorandum to Faculty Senate
  o Levels of Approval (Draft)
  o Timeline for New Program Development
    Review of ECU Approval Processes

Discussion: Dr. Flint discussed the summer review of the curriculum process that was conducted by Dr. Bailey and Karen Traynor. The findings from the departments/units was compared with the process identified in the Faculty Manual. process was developed with 3 different levels. Level 1 does
not need to go beyond the curriculum committee. Second level would go to EPPC, faculty senate and the academic council—more substantial changes. Level 3 will need chancellor approval.

New program development takes 2 years to develop. To speed up the process it will be useful to have summer meetings. Secondly have bi-monthly meetings for curriculum meetings. Some colleges can do this within an academic year. Request to plan do first and then when approved just refined.

Curriculog Update: The committee meets weekly and there will be a soft launch spring 2016

Action: We tabled the discussion until the November 10th meeting. The materials are available on Share Point and Dr. Scemama sent out again the email containing the different documents.

Old Business
1. UCC Goals to be submitted to Faculty Senate
   Continue to work on goal development at next meeting.

New Business:
Table the discussion related to the Curriculum Process till the next meeting.

Meeting adjourned at 5pm.

Marketing, BSBA

The BSBA in marketing, with concentrations in marketing and operations and supply chain management, is concerned with the creation and delivery of value to customers and organizations. Marketing focuses on developing an understanding of customers and markets, creating products and services based on that understanding, and communicating and delivering the value added. Supply Chain Management focuses on the sourcing, operations, and logistics of products and services. Both areas of study involve the management of relationships. A marketing concentration prepares students for management careers in advertising, sales, research, distribution, product planning, and international marketing. Supply Chain Management graduates pursue career choices as managers of purchasing, inventory, logistics, operations, quality, and supply chains. 6. Electives to complete requirements for graduation.

Professional Selling Certificate

The professional selling certificate is open to students in all programs across campus. The certificate is ideal for anyone who seeks to build skills in the area of professional selling. Developing selling skills is important because new college graduates often find that early-career job offers involve taking on a selling role. As a result, graduates need exceptional professional selling skills to be successful in this initial career stage to allow them to transition into later career growth. The professional selling certificate prepares students to effectively use established sales processes, sales automation tools, and selling techniques. The certificate also prepares students to identify decision makers of prospective buying firms and engage in persuasive communication of the selling firm’s value proposition. The certificate is suited for students with a focus on business, communication, and other areas where selling and persuasion skills are beneficial.

Admission is limited to students matriculating at East Carolina University in an undergraduate degree-seeking program. Applicants must have completed a minimum of 30 credit hours and attained a minimum 2.5 overall cumulative grade point average.

Minimum requirement for certificate is 15 s.h. as follows:

- MKTG 3832 - Marketing Management
- MKTG 3872 - Persuading Decision Makers
- MKTG 4352 - Selling and Sales Management
- MKTG 4532 - Business and Organizational Marketing
- MKTG 4782 - Customer Relationship Management

Women's Gender Studies Minor

Donna Kain, Co-Director, Bate 2110  Melinda Kane, Director, Brewster 404-A
Karin Zipf, Co-Director, Brewster A219

The minor in women's gender studies is an interdisciplinary academic program with courses designed to complement and enrich students’ work in their major fields. To ensure flexibility in each student’s 24-18 s.h. program and thus assure the possibility of coordinating with the major, the women's gender studies minor comprises a 6 s.h. core, which includes a course that introduces the student to the discipline and a senior seminar capstone which helps the student synthesize what she or he has learned, and 18 12 s.h. of electives. A course may not count toward the student’s major degree and the women's gender studies minor.
