The University Curriculum Committee (UCC)
Meeting Minutes
Thursday, October 23, 2014

Regular Members Present:
  Lori Flint (Chair)
  Jean-Luc Scemama (Vice Chair)
  Mark Richardson (Secretary)
  Ken Anselmi
  Michael Dingfelder
  Karen Vail-Smith

Regular Members Excused:
  Nathalie Mizelle
  Ashley Marie Carr—Student Body representative
  Gail Ratcliff

Ex-Officio Members Present:
  Josie Bowman
  Erin Parrish
  Michelle Wallen

Ex-Officio Members Excused:
  Rita Reaves

IPAR Office of Academic Program Planning and Development (OAPPD):
  Kimberly Nicholson and Karen Summey

Office of the Registrar:
  Diane Coltraine

Guests:
  College of Health and Human Performance: Susan McGhee, Clifton Watts, and Richard Williams
  Thomas Harriot College of Arts and Sciences: Ben Fraser

Actions of Committee:
Items identified with **yellow highlighting** are programmatic in nature and will require review by the EPPC following UCC approval.

I. Call to Order (2:05 PM)

1. The 10-09-14 UCC minutes were approved electronically and sent to the Faculty Senate for agenda placement.

II. College of Health and Human Performance, Department of Recreation and Leisure Studies
Susan McGhee, Clifton Watts, and Richard Williams

  • Title Revision of Existing Courses: RCTX 3262, RCTX 3263
Discussion: Dr. Susan McGhee (Liaison) and Dr. Richard Williams (Degree Director) explained the curricular changes that the department brings to the UCC for review. They explained that the department is requesting a couple of title changes to two courses in order to clarify that the courses can be taken concurrently. They further explained that the new titles are more reflective of the content, and they are not Foundations courses but cognates. Dr. Anselmi asked if the memo of request might be revised to state when the faculty voted and approved the requests. Dr. Scemama suggested that a sentence be added in the first paragraph to explain further the purpose of the change. Dr. Anselmi added that the changes requested do not seem to match the changes to the marked catalog copy. He also suggested that the dates listed on the memorandum be fixed.

Action Taken: A motion to approve as amended was made by Professor Vail-Smith and seconded by Dr. Anselmi. The motion was approved.

Revision of Existing Degree: BS in Recreational Therapy

Discussion: Dr. Susan McGhee (Liaison) and Dr. Richard Williams (Degree Director) explained the change requested is to make cognates approved by the program chair.

Action Taken: A motion to approve as amended was made by Professor Vail-Smith and seconded by Dr. Anselmi. The motion was approved.

III. College of Health and Human Performance, Department of Recreation and Leisure Studies
Susan McGhee, Clifton Watts, and Richard Williams

Proposal of New Courses: RCLS 2901, RCLS 3901, RCLS 4003, RCLS 4080, RCLS 4090

Discussion: There were a number of comments made about the course proposals. Dr. Anselmi noted that there is not discussion about assessment reflected in the Item 5 Justification on all the course proposals. Dr. Watts stated that the revision would be made to include more information regarding self-studies and supervisor evaluations. Dr. Bowman had reviewed the course proposals and suggested that for RCLS 2901 and RCLS 3901 that Item 15 state “lecture” but Item 19 specify just “Seminar.” RCLS 3901 also has a renumbering issue following Item 15 of the course proposal that needs to be fixed. Dr. Bowman praised the justification on RCLS 4003, and Dr. Flint commended Dr. Williams on his use of action verbs under course objective. Ms. Coltraine noted that the grading scale for RCLS 4003 was missing a C minus—that needs to be fixed. Regarding RCLS 4080, Dr. Bowman stated that there was a lot of the word “explain” in Item 19b Course objectives, and Dr. Flint asked if some of these might be replaced with better synonyms instead of “explain.” Dr. Parrish asked if RCLS 4090 was a required course or an elective, and Dr. Williams responded that the course is an elective (thus Item 8 of course proposal needs to be corrected). Dr. Bowman asked whether the course is taught face-to-face on campus or elsewhere—Item 4 does not make this clear. Dr. Watts stated that the course is taught face-to-face, but Dr. McGhee explained that in the past the course was taught in a pool space in Greenville but off-campus. Dr. Watts agreed to change Item #4 to clarify that it is face-to-face but just meeting at an alternative location in town.
Action Taken: Dr. Scemama made a motion to approve as amended and Professor Vail-Smith seconded the motion. The motion was approved.

- Revision of Existing Course: RCLS 4002
  
  Discussion: Dr. Williams explained that RCLS 4002 was a revision of an existing course and is a required course for the major and an elective for the minor.
  
  Action Taken: Dr. Scemama made a motion to approve, and Professor Vail-Smith seconded the motion. The motion was approved.

- Revision of Existing Degree: BS in Recreation and Park Management
  
  Discussion: The committee approved.
  
  Action Taken: Dr. Scemama made a motion to approve, and Professor Vail-Smith seconded the motion. The motion was approved.

- Deletion of Existing Concentrations within the BS in Recreation and Park Management: Commercial Recreation and Tourism, Outdoor Recreation, Community and Nonprofit Recreation, Recreational Sports Leadership
  
  Discussion: Dr. Clifton Watts, the degree director, discussed the curriculum changes including changing Foundation course requirements to match the University requirements for Foundation courses. He added that the changes clarify the sequential treatment of courses and proposal of new courses to offer continuity or more dedication to management. Dr. Flint stated that the memorandum of request was very clearly organized. Dr. Bowman asked if we should be looking at a program eliminating its concentrations, and Ms. Nicholson replied that it was correct to come to the UCC meeting first before EPPC. Dr. Flint remarked that the catalog copy looked satisfactory and also the notice to affective units included the responses received. Dr. Flint asked Dr. Watts if they had considered diversity credit for some of these courses, and Dr. Watts stated that they are still considering this and will pursue it.
  
  Action Taken: Dr. Scemama made a motion to approve, and Professor Vail-Smith seconded the motion. The motion was approved.

IV. Thomas Harriot College of Arts and Sciences, Department of Foreign Languages and Literatures
Ben Frazier, Chair of the Foreign Language and Literatures program

Consolidation of six degrees into one degree:

- Discontinuation of BA in French, BS in French, BA in Hispanic Studies, BS in Hispanic Studies Education, BA in German, BS in German
  
  Discussion: Dr. Frazier explained how the consolidation of six degrees into one would save these programs as they have been identified as low producing. The Department is making only the minimum changes necessary—only those identified by each program. He stated that the intention is to keep them exactly as they are now—just fold them in
as concentrations. Professor Vail-Smith asked Dr. Flint about the responsibilities of UCC in this matter, and whether the UCC was only charged to review the catalog copy. Dr. Flint stated that the committee should collaborate and help in the reformulation process as the new degree moved to the EPPC. Professor Vail-Smith clarified that the new degree has to be approved before the other programs are discontinued. Discussing the memo, Dr. Flint stated that the first page should be labeled as a Memo of Request and should state the explanation of what is being done. In other words, the header found on page two should be placed on page one and then all the pages should be consolidated into one document. Dr. Frazier stated that he used the NC state memo as the model since the GA recently passed it, and the department was concerned with keeping the memo similar in format to the one approved.

- **Action Taken:** Motion to approve as amended made by Dr. Scemama and seconded by Dr. Dingfelder. The motion was approved.

- **Consolidation of above degrees into a New Degree: BA in Foreign Languages and Literatures**

  - **Discussion:** Dr. Dingfelder stated that the memorandum of request only stated that the department was discontinuing these six degrees but did not identify a new program. Karen Sumney explained that the department was following the same process that had been completed at NC State as instructed by the administration. Six Appendix D and teach-out plans were also submitted as the process now begins.

  - **Action Taken:** Motion to approve as amended made by Dr. Scemama, and seconded by Dr. Dingfelder. The motion was approved.

- **Proposal of new concentrations within the BA in Foreign Languages and Literatures: French, French Education, Hispanic Studies, Hispanic Studies Education, German, German Education**

  - **Discussion:** Dr. Anselmi asked how the title of the degree would be stated on the diploma. Dr. Frazier explained that the new degree title would be on the diploma, but the specific concentration will be clear on the transcript. Professor Vail-Smith stated that the names of the six concentrations should be listed within the first paragraph of the memo of request. Karen Sumney stated that the memo would need to clean up the titles of the concentrations. Dr. Flint also reminded Dr. Frazier that the same change of titles need to be made in the budgetary memo. Dr. Flint asks Karen Sumney if she has checked the accuracy of all the Appendix D forms and she said yes. Dr. Bowman asked if the new program would have a new CIP code when the process of the new major with new concentrations is completed, and Ms. Sumney replied yes. Professor Vail-Smith asked when the new program would begin, and Dr. Frazier replied that the intent is to begin next academic year. He said that students would have the option of remaining in the current program or switching to the new program. Ms. Coltraine asked if the change in the degree title will affect the students gaining employment in their field, and Dr. Frazier stated it would not likely change anything since employers look at the student transcripts where the degree and concentration will be clear. Ms. Coltraine and Ms. Nicholson stated that the catalog copy submitted was reviewed carefully and it all looked fine. Dr. Dingfelder stated that the department page in the catalog and on the website would need to be changed, and Ms. Coltraine replied that she would work with Dr. Frazier to change the department page in the catalog. Dr. Dingfelder also remarked that the department needed to look at the degree requirements for Foundations courses,
and Dr. Frazier responded that the CTE had just approved the catalog text this week so that perhaps more revisions might be made in the future. Dr. Frazier brought forward the signature page showing the signature of approval from the CTE.

- Action Taken: Motion to approve as amended made by Dr. Scemama, and seconded by Dr. Dingfelder. The motion was approved.

III. Old Business

1. Update regarding policies, procedures, and guidelines from the 04-24-14 UCC meeting

   - Discussion: Approved by the chancellor on 04-24-14

   - Action Taken: N/A

IV. New Business

1. ECU Undergraduate Programs that Require 5000-level Courses

   - Discussion: Ms. Coltraine had provided UCC members with a series of Excel sheets. There were still 18 programs (12 degrees) that require undergraduate students to take 5000-level courses. Dr. Reaves was going to go to the Provost to get some assistance to have units to change these 5000-level courses to 4000- and 6000-level courses. Ms. Coltraine asked the UCC members if they would consider working on the programs where 5000-level courses are required this year and wait until next year to check on the programs where 5000-level courses are optional. Dr. Bowman and Dr. Wallen said that 5000-level courses in their areas have already been removed. Dr. Richardson said that he understood that the Music Therapy program still has a lot of required 5000-level courses and that these need to be removed and reset as 4000-level courses. Dr. Scemama asked what could be done about notification. Ms. Coltraine suggested that the UCC ask Dr. Reaves to share this information with the Provost and ask that he send a memo to all units with a timeline. Ms. Coltraine stated that the memo should include information regarding the timing. Dr. Scemama stated that some of the confusion concerned which 5000-level courses are required and which are electives. He suggested that perhaps the UCC should begin with the 5000-level courses that are required. We cannot simply remove the 5000-level courses without offering courses that can take their place.

   - Action Taken: Professor Vail-Smith made a motion to request Dr. Reaves to speak to the Provost concerning 5000-level required courses, asking him to send a message to Deans to have these courses removed. Karen Sumney agreed to talk to Dr. Reaves about this. Ms. Nicholson displayed from the SharePoint site the Guidelines of the GCC that discuss the removal of 5000-level course that was approved in the year 2013. It was agreed that the UCC would recommend eliminating the required 5000-level courses during the 2014-2015 year, the optional 5000-level courses during the 2015-16 year, and the electives thereafter. Dr. Scemama made a motion to approve as amended, and Dr. Bowman seconded the motion. The motion was approved.

RECREATION AND PARK MANAGEMENT, BS

The Recreation and Park Management (RPM) program is accredited by the Council on Accreditation for Recreation, Parks, Tourism, and Related Professions. Students who want to declare a major in recreation and park management at the time of entrance into the degree need to have completed 30 s.h. of coursework at ECU or in transfer credits; possess a minimum overall GPA of 2.0; have completed MATH 1065 or MATH 1066 or higher level MATH for which MATH 1065 is a prerequisite; and have met with an advisor in the College of Health and Human Performance Advising Center (located in the Belk Annex). Following admission, the student is required to schedule a meeting with his or her RPM faculty advisor. Students majoring in recreation and park management must maintain a minimum cumulative 2.0 GPA and a minimum cumulative 2.0 overall GPA in all core and cognate restricted elective courses to remain in good standing. Majors must earn a minimum grade of C (2.0) in all required core and cognate RCLS prefix courses. If a non-RCLS prefix course is approved as a substitution for a required core or cognate RCLS prefix course, a minimum grade of C (2.0) must be earned. Students dropping below the required 2.0 GPA will not be allowed to enroll in any additional RCLS prefix courses until the GPA meets the 2.0 requirement. If a student receives a grade lower than a C (2.0) in a required core or cognate RCLS prefix course, the student may re-take that course without meeting the 2.0 GPA requirements. Students graduating from the RPM program are eligible to sit for the national examination to become a Certified Park and Recreation Professional (CPRP) and thereby acquire this valuable credential for professional advancement. The minimum degree requirement is 123 s.h. of credit as follows:
