ACTIONS OF MEETING

Agenda Item: Ranking the Teaching Grants Proposals

Discussion: The committee discussed three ranking methods contained in an analysis of the proposal scores from the December 15 meeting. The committee decided to group proposals with similar mean priority scores and to sort proposals within each group by bias-corrected score.

Action Taken: The committee approved the groups and ranks of proposals within the groups as well as the overall ranking.

Since the committee did not have a quorum, the specific ranking will be sent to the entire committee for official approval by E-mail.
