NO PROPOSALS WILL BE ACCEPTED AFTER THE DEADLINE.

Completing the Application
Items 1-5 below must be completed and submitted together. For your convenience, there is a checklist of the required items included in these materials (p. 8). Grant applicants are asked to attach the proposal cover sheet and checklist only to the two signed print copies of the proposal. The electronic PDF copy should not include a cover sheet, signed application or checklist.

Item 1: Completed Teaching Grant Proposal Signature Form (see p. 5)
All fields of the proposal form must be completed. The two submitted copies of the signature form must include signatures of the applicant and the unit head.
Item 2: Proposal Review Packet
Because your proposal will be read by people from many disciplines, it should be clear and free of specialized terms, jargon or technical language. The electronic PDF copy will be used for review; therefore, to ensure anonymity, the electronic copy should not include the signed application form or checklist.

(a) Proposal Title and Abstract (page 1)
The abstract should be between 100 and 200 words, use non-technical language, and indicate course number and title. **No proposal with an abstract containing more than 200 words will be considered.**

(b) Proposal Narrative (pages 2-5)
The format of the proposal description must:
- Be no more than four 8 1/2 x 11" double-spaced pages with 1" margins on top, bottom, and both sides of each page. **No proposal with a description over four pages in length will be considered.**
- Use Microsoft Times New Roman 12-point type.

The applicant must verify that the PDF file meets the formatting requirements.

Include each of the following sections in your Teaching Grant Proposal Narrative:
1. Purpose/Objective
   The purpose of these grants is to support new innovative and/or creative instructional approaches with aims to improve teaching. Give specific objectives and student learning outcomes.
2. Project Description (Approach/Method/Procedure)
3. Need and Impact
   The need and impact section should show the percentage of each relevant course that will be impacted, the level of the course, the normal size of the course, and how often the course will be taught. The course must have already been approved by all relevant committees. Applicants should seek Institutional Review Board (IRB) approval, if required for the type of project ([http://www.ecu.edu/irb](http://www.ecu.edu/irb)). Make it obvious how the project will affect the applicant's/applicants’ teaching and student learning outcomes.
4. Schedule of Activities and Their Proposed Deadlines for the weeks of summer session 1. **Please provide a brief rationale as to why the proposed project requires summer stipend (if applicable) or why the project cannot be accomplished during the regular semester.** A summer stipend may be shared among more than one applicant on one proposal. **Proposals with more than one applicant must specify the unique contribution of each applicant.**
5. Evaluation Plan
   Part of your evaluation plan should include a short list of questions that will be submitted to the students in impacted classes, and peer evaluations. Make your evaluation plan clear. Be specific as to what you intend to do to determine the effectiveness of your end product.

Item 3: Budget
Complete the attached proposed budget (see p. 7) for the Project Expense portion of the Grant. **Summer stipend amount should NOT be included in the budget.** If you are requesting Project-Related Expenses OR Dual Summer Stipend and Project Related Expenses, you should complete this item.
Attach a separate page to the budget that justifies and explains each line item requested. Travel requests must be directly related to the proposed project. Requests to attend regularly held professional meetings or conferences should be thoroughly explained and justified. The proposed travel items may not replace or supplement academic-unit travel funds. List other sources for funding. Be specific on budget items. List to whom tuition or honoraria are to be paid, who is traveling where, how, and when, and your source of price estimates. Student wages are not an allowable expense. If an item is not applicable, please indicate by N/A.

Item 4: Appendices
The appendices must include the following items (a-g). Additional supporting materials and appendices beyond a-g are discouraged.

(a) Attach a bibliography (Works Cited section) for the proposal.
(b) List courses you teach and your scholarly interests that are relevant to this proposal. If you have release time or compensatory time applicable during the proposed project period, provide brief details.
(c) List all proposal titles and dates of grants previously funded by the Teaching Grants Committee, and include a brief synopsis of the outcomes and impact of that funding (maximum of 150 words). Report other associated grant proposals. Use template for previously funded teaching grants and other associated grant proposals (Appendix C) on p. 8.
(d) If applicable, include the summative report for the most recently funded Teaching Grant
(e) If applicable, indicate IRB approval or evidence of application to IRB
(f) If consultants are to be used in the Project Expense Grant, provide their credentials and your rationale for hiring them.
(g) If your project involves attending a workshop or seminar, attach a copy of the flyer or announcement. (These items must be discussed and justified in the proposal narrative.)

Item 5: Checklist

- Proposals that are primarily research focused and/or have been submitted/funded in the same year by the Research/Creative Activities Grant committee.
- Proposals that develop a program handbook or recruitment materials.

  2. Implementation of the training presents an innovation in the applicant's/applicants' teaching.
  3. A specific program of workshops to impart the training to other faculty is included in the proposal.
- For proposals that request a buy-out option for faculty with 12-month appointment, the proposal includes a plan on how the proposed innovative teaching approach will be continued in the future without buy-out.

**Reports Grant Recipients Must Submit (pp. 10-11)**

The following reports must be submitted by the grant recipients to the Teaching Grants Committee c/o Faculty Senate Office, 140 Rawl Annex, Mail Stop 109. These reports are **not** to be included in the proposal packet submitted to the committee.
