EX-OFFICIO MEMBERS IN ATTENDANCE: Zipf, Culver, O’Conner, McKinnon

ACTIONS OF MEETING

Following the notice that Provost Sheerer would not have immediate funds available for the Teaching Grants, and the Committee’s decision to proceed with the solicitation of proposals, an email was distributed earlier in September and 8 teaching grant proposals were received by the Committee.

Following discussion, 4 (proposals 1, 4, 5, and 6) were recommended by the Committee tentatively for funding and would be submitted to the Provost if she provided funds later in the academic year.

If there were no funds provided during the 2011-12 academic year, the Committee Chair agreed to notify the faculty who submitted proposals of the favorable support but lack of funding and would encourage each to re-submit if a call/funding should be available in the future. She would also notify those with unfavorable support (deemed inappropriate with unanimous vote that they not be reviewed) with suggestions for future submissions (2 read as course development, 1 as an equipment request, and 1 as faculty development).
