Action Taken: Minutes approved 3.2.2015

Discussion: Dr. Bryce Jorgensen provided the committee with a brief summary of the proposal. Committee members proposed following changes and recommendations:
1. The committee recommends that the instructor not require students to attend writing center for a grade. There is a concern that the center may not have enough consultants to accommodate the students.
2. The committee is in favor of the group work that is proposed and encourages that students attend the writing center in their respective groups. In lieu of assigning points for attending the Writing Center, the committee also recommends that points can be given for additional peer review. This can occur within the class or between sections.
3. The committee recommends a 25 student cap.
4. The committee would like to see a statement regarding the “Self Analysis” piece (required for iWebfolio upload) to be included in SLO 5.

Action Taken: The committee voted to approve writing intensive credit for CDFR 4380.

Agenda Item: Notification of change in credit hours of WI course CLSC 4802 from 4 to 3 SCH by Dr. Ann C. McConnell, MAEd, MLS(ASCP)CM (College of Allied Health Sciences)
