I. Call to order 3:03 pm

II. Minutes from December 10, 2018 Approved

III. Old Business
   a) None

IV. New Business
   a) GEOG 3010: New WI Proposal (Lead: Banks | Course Rep: Bee)

   New proposal GEOG Planning Environment, has been approved by undergrad curriculum cmte. Looking at intersection of social justice and environment. Focused on developing an argument. Two 2-page response papers, longer deliberative essay. Must include a reflective memo and she withholds grades until they submit to portfolio. For final paper need three peer-reviewed sources. Suggestion made to work for a deliberative essay to engage the public rather than a traditional paper. This course will be an elective. Question about the syllabus – is this WI by section? Yes. The Admin in her department must indicate this in Banner. She needs form for Curriculog – we can write an email from the committee. Approved, pending minor revisions – which include revising SLO1 and SL02 concerning topics and audience as discussed and consider adding a peer review option of some kind.

**Notes:** For PHYS we still do not have materials – committee will memo the chair about this because we will need to remove WI from PHYS 4700 in April if we have not received the review materials by our March 2019 meeting. Will remind chair that students may potentially be harmed if they need WI to graduate and the course is not available.

Mobley, Banks, and Coonin will meet during the week of January 24 to draft the memos to be sent to departments, based on the reports received at today’s WACC meeting.
