NOMINATING COMMITTEE FOR FACULTY OFFICERS REPORT
Election of Faculty Officers

Candidate for Chair of the Faculty

John Stiller, Department of Biology

It has been a great privilege to serve as Chair of the Faculty this year. After careful thought, and consultation with a number of valued colleagues, I have decided to place my name into nomination again. We remain in challenging times for public higher education. External budgetary and political pressures continue to bring negative impacts, as do legislative and system initiatives that have the potential to erode the quality of education offered to our students and the academic freedoms and inclusiveness that are underlying pillars of our core mission. With the coming announcement of a new Chancellor, we also face the task of integrating our existing leadership team with a new chief executive officer. During this past year, I believe we have continued to apply and strengthen the principles of shared governance through such accomplishments as revision of Part IX of the Faculty Manual and review of our foundations and general education curricula. We also are in the middle of a number of important initiatives, including developing an improved platform for faculty reporting and evaluation, strengthening our system of due process for faculty, and adopting more meaningful mechanisms for student evaluation of instruction. With all this in mind, I am convinced of the importance of maintaining continuity of our leadership team as we work through the challenges of the coming year. I ask for your support, and your active participation, in continuing to provide a strong voice for faculty at East Carolina University.

Candidate for Vice Chair of the Faculty

Kylie Dotson-Blake, College of Education

Thank you for allowing me to serve the faculty as Vice Chair this year. I have learned a great deal through the experience and I am writing to ask for the opportunity to serve you in this role for 2016-17. My focus remains engaging faculty in shared governance and raising the visibility of faculty and university impact. Faculty members across the university community are preparing students, advancing research and transforming our region, state and world. Our university and state are powerfully strengthened by the contributions of faculty. However, their contributions stand in stark contrast to shrinking state appropriations, treatment of fixed-term faculty and negative public discourse around education. We have leaders in all disciplines working to remedy this situation and educate the public about the importance of the state university system and the multi-faceted contributions of a university to the local community and region. As vice chair, I will work to support the efforts of faculty leaders and encourage more faculty to join and get involved. We have great opportunities at ECU and next year we will be experiencing a significant transition as we welcome a new Chancellor and our system President begins her first full year on the job. It is critical that faculty continue to play central roles through shared governance in developing and shaping ECU's policies and progress. I will work to support the efforts of the Chair of the Faculty and other faculty leaders and do my best to keep faculty at the table for decisions that guide our university's work and trajectory.

Candidate for Secretary of the Faculty

Donna Kain, Department of English

This year, I have had the privilege of serving as the Secretary of the Faculty Senate. In that role, I also served on EPPC and the Faculty Salary Equity Survey Committee and co-chaired the committee charged with investigating acquisition of a new Faculty Reporting System. It has been a busy year--as they all are for all of us at ECU--with a learning curve, but I have appreciated the opportunity to work with many people across the university and to learn more about shared governance. The Senate provides leadership in shared governance that strengthens our commitment to our students, to our individual and shared scholarship, and to the region. The importance of the Senate in representing the faculty's perspectives on issues is a role of the Senate that I have become even more aware of in the last two years as both a Faculty Officer and a Senator with the honor of representing my colleagues in the English department. During my eleven and a half years at ECU, I have also served on the Academic Integrity Board, the Research and Creative Activities Week committee, the Calendar Committee, and Undergraduate Curriculum Committee (UCC) as secretary and Chair. I have been secretary for two professional organizations, including four years as secretary for the Council on Programs in Technical and Scientific Communication. My faculty position is Associate Professor of English focusing on professional and technical writing. I would welcome the opportunity to continue to serve the ECU faculty as a Faculty officer.
