NOMINATING COMMITTEE FOR FACULTY OFFICERS REPORT
Election of Faculty Officers

Candidate for Chair of the Faculty

John Stiller, Department of Biology

It has been my great privilege and honor to serve as Chair of the Faculty for the last two years. I believe we have made progress on important issues, while continuing to bolster the traditions of shared governance that have served us well over Faculty Senate's 53 year history. We've gained final approval of a revised Part IX of the Faculty Manual, and now are completing proposed revisions to Part VIII, and to appellate provisions in Parts IX and XII. These critical matters will come before Senate next year. Although we have successfully adopted a new survey instrument for student feedback on teaching, we must now further develop appropriate overall guidelines and mechanisms for evaluating and improving teaching effectiveness. We also will switch to a new platform for faculty reporting and evaluation, with a strong team in place to insure as smooth a transition as possible in the coming year. As we move forward with these and other initiatives, we continue to integrate with evolving administrative leadership, welcoming aboard a new Vice Chancellor for Research, Economic Development, and Engagement. After careful thought, and consultation with valued colleagues, I have agreed to place my name into nomination for one more term as Faculty Chair. I am convinced of the importance of maintaining continuity in leadership as we work to complete ongoing initiatives and face continuing challenges. If elected, I will endeavor to provide a strong voice for faculty at East Carolina University.

Candidates for Vice Chair of the Faculty

Tim Christensen, Department of Biology

Thank you for considering me for Senate office. I have been an active member of the Senate for 6 years and a constant voice (sometimes irritating) on a wide variety of committees touching on many aspects of the University. Two primary questions shape my view of higher education and shared governance: "What can I do to maximize growth and learning experiences for our students?" and "How can I preserve and expand academic freedom in the service of greater impacts for our disciplines and our students." Both of these questions are best addressed through active shared governance. Faculty should be the driving force behind updating and experimenting with different pedagogical strategies to support our ever-changing student population. Academic freedom is the best tool we have to meet the challenges of a University and region moving forward into the future. Navigating this future will require constant and constructive engagement with administrators, faculty, and stake holders. Shared governance and the issues confronting our University are far from simple. I am committed to growing my abilities while a faculty officer to best chart a path forward to preserve a quality experience for our students and preserve academic freedom.

Donna Kain, Department of English

Thank you for allowing me to serve as Secretary of the Faculty for the past two years. I have been privileged to work with people across ECU as we undertake the university's mission and our responsibilities for shared governance. I ask to continue in these efforts as Vice Chair of the Faculty for 2017-18. At this time of transition, when changes in government at every level have repercussions for education at every level, the importance of the faculty's collective voice cannot be underestimated.

The ECU faculty is proactive and innovative about issues that affect student access and success, teaching and learning, curriculum development, research, and engagement, all of which we undertake primarily for our students but also for our region, state, and beyond. Faculty drive much of the transformation that our mission statement refers to, and faculty should be involved in decisions that influence the ways we carry out our transformative work. An important part of the Faculty Senate's work is ensuring that involvement and articulating the importance of what we do. As always, the Senate's representation of faculty perspectives requires active, productive engagement and clear communication with our administrators, Board of Trustees, UNC system, and varied external constituencies. I look forward to the opportunity to continue to serve the ECU faculty to help make the important work of the faculty visible. My experience includes serving as a Senator and on committees including Educational Policies and Planning Committee, Faculty180 project, Harriot College Arts and Sciences assessment ARC, Faculty Salary Equity Survey, Academic Integrity, Research and Creative Activities Week, Calendar, and Undergraduate Curriculum Committee.

Candidates for Secretary of the Faculty

Pamela Hopkins, School of Communication

I am excited to be running for Secretary of the Faculty! ECU has been my professional home since 1994 when I was first hired into an adjunct position. Since that time, I have earned my Ph.D., attained the rank of Teaching Associate Professor, and served on a variety of committees at the university level and in the School of Communication. Currently, I am a member of the Academic Integrity Board, the ECU Intellectual Property and Patent Committee, and the Unit Code Screening Committee. I have been fortunate to serve as the Faculty Senate alternate for the School of Communication for the past 4 years, and I would like to continue to be involved with those issues that directly affect the faculty here at ECU. Since 2013, I have served as the Director of the ECU Speech Communication Center. I have had the privilege of collaborating with colleagues across campus, working to improve verbal communication skills for students, faculty members, and staff members. This collaboration has become my favorite part of my job. As Secretary of the Faculty, I will welcome the opportunity to continue to serve ECU in a meaningful capacity and to be a part of the voice of the faculty as we address issues which affect our different programs. I appreciate your vote of confidence.

Donna Roberson, College of Nursing

I am honored to have been nominated as Secretary of the Faculty. I have previously served as both a member and chair of the University Teaching Grants committee and as an alternate faculty senator. I began my role as one of the College of Nursing's faculty senators in the fall. I continue to serve on the Parking and Transportation committee as secretary of that group. Over my 22 years at ECU, I have had numerous opportunities to serve as secretary of groups, large and small (as well as take the lead as chair of committees) and take leadership roles in professional organizations. I currently serve as the chair of the College of Nursing's Graduate Faculty Organization. I believe that transparency in communication and preservation of the work faculty conduct is critical for continued success. Furthermore, the "keeping of minutes" records an historical picture of decision making and processes for future faculty. I am excited with the potential to expand my academic citizenship through serving the Faculty Senate as secretary. I have a reputation of being organized, efficient and flexible. These qualities should help me to be an effective secretary for the Faculty Senate. I appreciate your consideration.

TEACHING GRANTS COMMITTEE REPORT
Revised 2018/2019 Teaching Grant Proposal Guidelines

[Link to current 2017/2018 guidelines](#)

Revisions include converting the signature page and budget forms to Microsoft Word forms with containing form fields and revising the document to include separate signature form and review packet with both explained in detail.

Information on 2018/2019 Teaching Grant Proposal

The purpose of these grants is to support new innovative and/or creative teaching approaches with aims to improve instruction at the University.

Eligibility for Teaching Grants

- Full time tenured, tenure-track, and fixed-term faculty members are eligible to apply for these grants. The Committee's evaluation criteria are included below. To view previously funded proposals, please go to the Teaching Grants committee website (under the Faculty Senate website): <http://www.ecu.edu/cs-acad/fsonline/tg/teachinggrants.cfm>.
- Faculty who have submitted all reports for previously funded Teaching Grants projects
- Faculty who have had at least one academic year since last Teaching Grants award
- Faculty from Academic Affairs and Health Sciences are eligible to apply

Application Process

Each grant proposal consists of the following parts:

- Signature Form signed by the applicant and the Chairperson (or Dean, as appropriate) of any unit involved
- Proposal Review Package including
 - Title and Abstract
 - Narrative
 - Budget
 - Appendices
- Checklist

Submit two (2) signed, printed copies of the complete application including the original signature form, review package, and checklist to the Teaching Grants Committee, c/o Faculty Senate Office, 140 Rawl Annex, and one (1) electronic copy of the review packet in PDF format to facultysenate@ecu.edu by the deadline of 12:00 noon on **Monday, November 6, 2017**. There is a blind review of the proposals; therefore, the applicant's name should appear on the signature forms (printed and electronic). The applicant's name should **not** appear anywhere in the proposal review packet. **NO PROPOSALS WILL BE ACCEPTED AFTER THIS DEADLINE.**

Completing the Application (p. 4)

Items 1-10 must be completed and submitted together. For your convenience, there is a checklist of the required items included in these materials (p. 6). Grant applicants are asked to attach the proposal cover sheet and checklist only to the two signed print copies of the proposal. The electronic PDF copy should not include a cover sheet, signed application or checklist, to ensure anonymity.

Item 1: Completed Teaching Grant Proposal Signature Form

All fields of the proposal form must be completed. The submitted copies of the signature form must include signatures of the applicant and the unit head.

Item 2: Proposal Review Packet

Because your proposal will be read by people from many disciplines, it should be clear and free of specialized terms, jargon or technical language. The electronic PDF copy will be used for review; therefore, to ensure anonymity, the electronic copy should not include the signed application form or checklist.

(a) Proposal Title and Abstract (page 1)

Abstract should be between 100 and 200 words, must use non-technical language, and indicate course number and title.

(b) Proposal Narrative (pages 2-5)

The format of the proposal description must:

- Be no more than four 8 1/2 x 11" double-spaced pages with 1" margins on top, bottom, and both sides of each page. No proposal with a description over four pages in length will be considered.
- Use Microsoft Times New Roman 12-point type.
- The applicant must verify that the PDF file meets the formatting requirements.

Include each of the following sections in your Teaching Grant Proposal Narrative:

1. Purpose/Objective

The purpose of these grants is to support new innovative and/or creative instructional approaches with aims to improve teaching. Give specific objectives and student learning outcomes.

2. Project Description (Approach/Method/Procedure)

3. Need and Impact

The need and impact section should show the percentage of each relevant course that will be impacted, the level of the course, the normal size of the course, and how often the course will be taught. The course must have already been approved by all relevant committees. Applicants should seek Institutional Review Board (IRB) approval, if required (<http://www.ecu.edu/irb>). Make it obvious how the project will affect the applicant's teaching and student learning outcomes.

4. Schedule of Activities and Their Proposed Deadlines for the weeks of summer session 1. Please provide a brief rationale as to why the proposed project requires summer stipend (if applicable) or why the project cannot be accomplished during the regular semester. A summer stipend may be shared among more than one applicant on one proposal. Proposals with more than one applicant must specify the unique contribution of each applicant.

5. Evaluation Plan

Part of your evaluation plan should include a short list of questions that will be submitted to the students in impacted classes, and peer evaluations. Make your evaluation plan clear. Be specific as to what you intend to do to determine the effectiveness of your end product.

Item 3: Budget

Complete the attached proposed budget (p. 5) for the Project Expense Grant. Summer stipend amount should NOT be included in the budget. Attach a separate page to the budget that justifies and explains each line item requested. Travel requests must be directly related to the proposed project. Requests to attend regularly-held professional meetings or conferences should be thoroughly explained and justified. The proposed travel items may not replace or supplement academic-unit travel funds. List other sources for funding. Be

specific on budget items. List to whom tuition or honoraria are to be paid, who is traveling where, how, and when, and your source of price estimates. Student wages are not an allowable expense. If an item is not applicable, please indicate by N/A.

Item 4: Appendices

The appendices must include the following items. Additional supporting materials and appendices are discouraged.

- (a) Bibliography (works cited) for the proposal.
- (b) List courses you teach and your scholarly interests that are relevant to this proposal. If you have release time or compensatory time applicable during the proposed project period, provide brief details.
- (c) List all proposal titles and dates of grants previously funded by the Teaching Grants Committee, and include a brief synopsis of the outcomes and impact of that funding (maximum of 150 words).
- (d) If applicable, indicate IRB approval or evidence of application to IRB
- (e) If consultants are to be used in the Project Expense Grant, provide their credentials and your rationale for hiring them.
- (f) If your project involves attending a workshop or seminar, attach a copy of the flyer or announcement. (These items must be discussed and justified in the proposal narrative.)

Item 5: Checklist

Attach this checklist to ensure that you have completed all the necessary items. The application process involves a blind review of the proposals; therefore, the applicant's name should only be on the 2 original application forms, proposals, and checklists.

Completing Other Documents

Progress Report Attached is a copy of the report that will be completed by the faculty member at the conclusion of the grant period. This is not to be included in the proposal packet submitted to the committee.

The grantee must submit a report of the results of the project to the Teaching Grants Committee c/o Faculty Senate Office, 140 Rawl Annex. Progress reports are due by September 15 of the next fiscal year. Progress reports from previous funded grants must be on file with the Committee before an additional application will be considered.

Evaluation: This page is an example of what criteria will be used by the Committee to evaluate the grant proposal.

A quality proposal includes

- Applications that are complete and meet all guidelines and formatting including font size, line spacing, page limits and margins.
- Proposals for course revisions that describe innovative and/or creative approaches that go beyond the usual course maintenance and normal workload expectations.
- Use of nontechnical or laymen's language suitable for readers from all fields.
- A clear impact statement that describes how the teaching will be enhanced and learning outcomes improved (see evaluation for more details).

Examples of proposals that will not be considered for funding include

- Proposals for course revisions that should be expected as usual course maintenance.

- Proposals for course development that does not include innovative or creative approaches and/or falls within normal workload expectations.
- Proposals that are primarily research focused and/or have been submitted/funded in the same year by the Research/Creative Activities Grant committee.
- Proposals that develop a program handbook or recruitment materials.
