Subject: New ENGR & EENG Course Numbers

Good Afternoon!

The following new course numbers are available and their use has been approved by the Office of the Registrar:

- ENGR 1016 Introduction to Engineering Design
- ENGR 2000 Engineering Design and Project Management I
- ENGR 3000 Engineering Design and Project Management II
- ENGR 2514 Circuit Analysis
- ENGR 3420 Engineering Economics

- EENG 2010 Digital Circuits
- EENG 3020 Signals and Systems
- EENG 3040 Microprocessors
- EENG 3530 Electronic Circuits
- EENG 3750 Electrical Power Systems
- EENG 4510 Advanced Control Systems

The classes have been entered into Banner with a "Reserved" status, and are awaiting activation approval from the UCC and Chancellor's Office.

Thank you, and please let us know if there is anything else we can do to assist you.
