To Whom It May Concern:

The Music Education and Music Therapy Department met and voted unanimously to officially request the end the Master of Music Therapy program. It should be understood that this vote was taken only because of mandates by the University and General Assembly and NOT at the request of the department. This program has been considered a valuable part of the School of Music and will be sorely missed.

Michelle J. Hairston

Dr. Michelle J. Hairston, MT-BC

Professor and Chair, Music Education and Music Therapy Department

I concur,

Robert Hall, Director, School of Music 4-8-09

I concur

Jeffrey S. Cleveland 4-8-09
Dean, CPAE

I have reviewed and concur with the above recommendation to discontinue the Masters of Music in Therapy Program.
