Department of Technology Systems

B.S. in Industrial Distribution & Logistics

Program Coordinator: Dr. Leslie Pagliari, pagliaril@ecu.edu, 252-328-9640

Industrial Distribution and Logistics represents professions in the workplace concerned with the movement and delivery of goods and services throughout the world. At ECU, this program provides a unique combination of coursework that prepares students for successful careers in a range of challenging areas. Courses cover areas of this industry including distribution and logistics, industrial sales, production planning, quality control, supply chain management, marketing, purchasing and procurement, warehousing and materials handling, inventory management, and others.

Please note that this is a **recommended** sequence and should only be used as a guide.

Check the catalog for prerequisites.

Course availability may vary from semester to semester.
