Re: Changes to the Graduate Catalog for the Doctoral Degrees in CSDI

Please find enclosed the materials reflecting changes to the graduate catalog for the doctoral degrees in CSDI. Included is a roadmap detailing the changes and also the graduate catalog information – deletions are noted in strikethrough, red text and additions, changes, and edits are in blue text. The changes reflect the two independent programs our department offers – PhD and AuD and the optional, blended program – AuD/PhD. Initially, the audiology degree program was listed as an AuD/PhD blended program only. The AuD can be offered independently of the PhD, as it has a separate CIP code – our changes reflect this. Please let me know if I can provide any additional information.

Regards,

Heather Harris Wright, PhD., CCC-SLP
Direction of Doctoral Education
