Good Afternoon!

The following new course numbers are available and their use has been approved by the Office of the Registrar:

- SCIE 6005: Advanced Studies in Earth Systems Science for Teachers
- SCIE 6030: Technology in Science Teaching, Learning and Professional Development
- SCIE 6320: Advanced Methods of Assessment in Science Education
- SCIE 6998: Special Topics in Science Education

The classes have been entered into Banner with a "Reserved" status, and are awaiting activation approval from the GCC and GSAB.

Thank you, and please let us know if there is anything else we can do to assist you.

Marc Setliff
