

Sara's Wish Foundation (Available to females)

These scholarships are awarded to extraordinary young women committed to making the world a better place by fully participating in it. We are proud to have offered financial assistance to more than twenty young women who exhibit qualities of leadership, service, and adventure. With our financial contributions, young women have defrayed the costs associated with traveling to all areas of the globe. **Ethiopia, Korea, the Philippines, Chile, Nepal, and South Africa** are just a few examples. Our scholarship recipients perform a wide variety of remarkable public services in these distant lands, contributing to the welfare of our global village. Be sure to read more about them, as they truly offer inspiration and hope for our future.

Criteria:

A commitment to public service
