Space Allocation Committee Charge & Roster

**Charge:**
Effective class and classroom scheduling is critical to the academic mission of the University. It enables students to take the classes they need in a timely manner and contributes to on-going cost containment efforts through efficient space utilization and good stewardship of our valuable institutional resources. The charge of the committee is to: 1) review recent trends in classroom space utilization and 2) establish a series of guidelines to achieve target goals. The outcome of this work will be to ensure that both classes and classrooms are scheduled efficiently to support the needs of students, faculty, and the institution as a whole in accordance with the established Classroom Scheduling PRR. Deans, directors, department chairs and the University Registrar are responsible for ensuring that all classrooms are scheduled efficiently.
