

15/18 HOUR GRADUATE CERTIFICATE ON-LINE

WEB SITE DEVELOPER

DEPARTMENT OF TECHNOLOGY SYSTEMS, COLLEGE OF TECHNOLOGY & COMPUTER SCIENCE

The website developer certificate program prepares graduates for employment as website developers and managers. The skills learned in this certificate program are required to be successful in jobs with titles such as web master, web designer, and similar positions. The program is structured to achieve this objective through 15 s.h. of advanced course work. The website developer certificate program is offered on-line via the Internet. Students are required to have fully functional computer hardware and full Internet connectivity. Hands-on experiences using industrial standard software is provided through our **virtual server lab**.

All courses are offered on-line with no on-campus residency required.

Fifteen hours of Internet-based, on-line graduate coursework are required for the website developer certificate.

DTEC 6800 - Internet Research Methods is taken in the first semester
DTEC 6815 - Network Media Services
DTEC 6825 - Dynamic Web Services
DTEC 6835 - Enterprise Web Services
DTEC 6845 - Website Development

Add DTEC 6855 – Networked Commerce Systems to meet the SACS 18 hour requirement.

- The courses are scheduled to allow completion of the certificate program in 18 months.
- Transfer hours are not accepted in the website developer certificate program.
- An overall B average is required in all coursework in the website developer certificate program. Two C's result in dismissal.

ADMISSION STANDARDS

You must have a B.S. degree from an accredited institution and have either an overall GPA of 2.5 on a 4.0 scale on all undergraduate work, or a GPA of 3.0 on a 4.0 scale in either the undergraduate major or work taken during the senior year.

ADMISSION PROCEDURE

- Complete the *Non-Degree Application for Certificate Programs* and return with: one copy of official transcripts of all undergraduate and graduate coursework (sealed) along with two letters of recommendation from persons who can attest to the applicant's academic competence or potential in the website developer environment.
- Completion of a standardized examination, such as the GRE, is not required for admission to the website developer certificate program.

THE FINE PRINT

- Admission to and completion of the website developer certificate program does not supersede the admission requirements to a MS degree program at East Carolina University nor does it guarantee admission to a degree program. Concurrent work on an M.S. degree requires admission to the M.S. program.
