</tbody>
</table>

Students can choose a minor and/or electives that complement degree. One WI course is required outside of the major and should be completed by fall of senior year. A grad of C or better is required in all ADRE courses.

*Approved course equivalencies may exist between ECU and local community college.*
Admission to the BS in rehabilitation services program requires a minimum cumulative 2.5 GPA from ECU and an application. Program admission is competitive and admission to the university and/or achieving a minimum 2.5 GPA does not guarantee admission to the rehabilitation services degree program. Applications should be submitted when the student is nearing completion of 42 s.h. A student may only apply for admission twice. Additional information and application for admission can be obtained from the Department of Addictions and Rehabilitation Studies.

Undergraduate students majoring in rehabilitation services are encouraged to minor in an established area consistent with individual academic and career goals or to take a composite minor of structured electives approved by the faculty advisor and departmental chairperson. Majors must earn a minimum grade of C (2.0) in all ADRE courses.

Visit the Department of Addictions & Rehabilitation Studies for more information.

All guides are meant as an example of how a degree can be completed. However, individual plans will be developed for each student in consultation with the academic advisor. Course availability, prior credit, course prerequisites, major requirements, and student needs must be considered in developing the individual academic pathway.
