

***Hybridoma and Tissue Culture Facilities***

Updated 9/06

- Location**      Howell Science Complex
- Contact**      Dr. Ron Newton  
Department of Biology – Phone: 328-6718
- Purpose**        Production of monoclonal antibodies.
- Capabilities**   CO2 incubators  
Automated microplate washer  
Inverted microscopes with phase contrast options  
FINSTRUMENTS Micro plate ELISA reader (405, 450, 550, 650 nm)  
Millipore Milli-Q-Biocell water system  
Liquid Nitrogen Storage
