BOARD OF TRUSTEES 2006-07 MEETINGS

The 2006-07 year includes the first major celebrations of the university's centennial, featuring invited meetings of both the General Assembly and the UNC Board of Governors on our campus. These and other Centennial events will make for a crowded spring calendar and will occasion multiple invitations to BOT members to be in Greenville. Therefore, the administration recommends that only one BOT meeting be scheduled during the spring semester, rather than the traditional two. The fall semester can follow customary practice.
