July 18, 2013 Minutes

August 16, 2013 Conference Call Minutes

*These minutes contain confidential information and are not meant for distribution.*
The Board of Trustees met in regular session in the East Carolina Heart Institute on the campus of East Carolina University. In compliance with the State Government Ethics Act, vice chair of the Board, Robert Brinkley called the meeting to order and asked if anyone has a conflict of interest. No conflicts were identified.

Mr. Brinkley called on assistant secretary to the board, Steve Duncan to call the roll:

APPROVAL OF MINUTES

Mr. Brinkley asked for a motion to approve the minutes from the Board meeting on April 19 as well as the special called conference call meeting on May 30, 2013. Mr. Jones moved approval of the minutes. Ms. Mabe seconded the motion. The motion passed with no negative votes.
CHANCELLOR'S REPORT

Dr. Ballard gave his remarks to the board. Chancellor Ballard presented welcomed the five new board members. Dr. Ballard then outlined his priorities for the upcoming year. Those priorities include: 1. developing an aggressive advancement team; 2. strategic planning, including revisions to ECU’s mission statement; 3. focusing on the Brody School of Medicine; 4. fiscal sustainability; and 5. a new enrollment management plan. A full text version of the Chancellor’s remarks is attached as “Attachment A.”

REPORT FROM THE BOARD OF GOVERNORS

Mr. Ed McMahan, ECU’s representative from the Board of Governors delivered remarks to the Board of Trustees. Mr. McMahan welcomed new members. He said that most universities in the UNC System have at least two, some as many as six new members and that the Board of Governors will have 16 new members. He is encouraged that this means there will be new, fresh ideas driving the University system.

Mr. McMahan outlined the UNC Strategic Plan: Our Time, Our Future and encouraged board members to become familiar with this plan.

CHAIR OF THE FACULTY REPORT

Dr. Mark Sprague said that at the last board meeting he said he would not seeking an additional term as Chair of the Faculty, however he has had a change of heart. Dr. Sprague introduced other Faculty Senate Officers and educated the board on the goals and mission of the Faculty Senate. A full text of Dr. Sprague’s remarks can be found at “Attachment B.”
ELECTION OF OFFICERS

Mr. Brinkley called on Deborah Davis and Steve Jones (existing members of the Nominating committee) to give the report of the Nominating Committee. A text version of the nominating committee report can be found as “Attachment C.”

Following the report, Mr. Brinkley accepted the recommendations of the Nominating Committee, including using written ballots to cast votes. He called on Assistant Secretary Steve Duncan to conduct the election.

Dr. Duncan stated that there were two nominees for chair of the board: Robert Brinkley and Carol Mabe. Board members completed written ballots and following the count, it was determined that Robert Brinkley would serve as Chair of the Board by a vote of 9-4. (Members voting for Mr. Brinkley included: Brinkley, Clark, Copeland, Davenport, Jones, Joyner, Owens, Schwan and Yeargan. Members voting for Ms. Mabe included: Davis, Mabe, Plybon and Scott).

Dr. Duncan stated that there were two nominees for vice chair of the board: Steve Jones and Danny Scott. Board members completed written ballots and following the count, it was determined that Steve Jones would serve as Vice Chair of the Board by a vote of 11-2. (Members voting for Mr. Jones included: Brinkley, Clark, Copeland, Davenport, Davis, Jones, Joyner, Owens, Plybon, Schwan and Yeargan. Members voting for Mr. Scott included: Mabe and Scott).

Dr. Duncan stated that there were two nominees for secretary of the board: Edwin Clark and Deborah Davis. Board members completed written ballots and following the count, it was determined that Edwin Clark would serve as Secretary of the Board. (Members voting for Mr. Clark included: Brinkley, Clark, Copeland, Davenport, Jones, Joyner, Owens, Schwan and Yeargan. Members voting for Ms. Davis included: Davis, Mabe, Plybon and Scott).
This concluded the election of officers, with Mr. Brinkley, Mr. Jones and Mr. Clark being elected chair, vice chair and secretary, respectively.

**ITEMS FOR BOARD REVIEW**

**Off Campus Student Housing**

Vice Chancellor Rick Niswander presented the item of off campus student housing. ECU has admitted the same number of students as last year, but more students have decided to attend, therefore, more students need campus housing. Due to the requirement that all freshmen must reside on campus, this means that some upperclassmen that have requested on-campus housing may have to be moved to off-campus housing secured by the university at no additional cost. Currently, 200 beds are needed for the fall semester and 400 beds are needed for the spring semester (due to the demolition of Belk Hall).

Following discussion, Carol Mabe moved to approve the lease of 200 beds in Fall 2013 and 400 beds in Spring 2014 for off campus housing. Lease rates will be determined by competitive bids in accordance to university specifications and the lease shall be in accordance with ECU Real Property Acquisition by Lease Delegated Flexibility Policy. The motion was seconded and approved with no negative votes. The request is listed as “Attachment D.”

**Construction Manager @ Risk for Student Union and Health Sciences Student Services Building**

Vice Chancellor Rick Niswander outlined the process for submitted construction managers at risk. He explained the designer selections for both buildings were selected and approved at the last board meeting.
Carol Mabe moved to approve the construction manager at risk for the Health Sciences Student Services Building as recommended by the pre-selection committee and as presented in board materials. The motion was seconded and approved with no negative votes.

Carol Mabe moved to approve the construction manager at risk for the Student Union on main campus as recommended by the pre-selection committee and as presented in board materials. The motion was seconded and approved with no negative votes.

**Designer Selections**

Vice Chancellor Rick Niswander updated the board on two information items. The first item was the designer selection for the Dance Studio. The pre-selection committee has selected JKF Architecture from Greenville as the designer for that project. The second item was the designer selection for the School of Dental Medicine 4th floor, phase 1. The pre-selection committee has selected Lord + Aeck + Sargent from Chapel Hill as the designer for that project. No action is needed for either of these selections. More information concerning these designer selections can be found in “Attachment E.”

**Mission Statement**

Interim Vice Chancellor Ron Mitchelson presented the revisions to the ECU mission statement. Dr. Mitchelson began his presentation by updating the board on the process of revising the mission statement and provided the board with the history of our mission statement’s development.
Deborah Davis made a motion that the Board endorse the revised ECU Mission Statement as presented by Dr. Mitchelson. Edwin Clark seconded the motion and the board unanimously approved the motion. The new mission statement is included as “Attachment F.”

Supplemental Pay Policy

Provost Marilyn Sheerer presented the supplemental pay policy. This policy in its former form did not apply to all EPA employees. In its updated form, this policy applies to all EPA employees. Mr. Clark made a motion to approve the revisions to the supplemental pay policy as presented in board materials. Mr. Joyner seconded the motion and the motion passed with no negative votes. This policy can be found as “Attachment G.”

Patent Policy

Interim Vice Chancellor Ron Mitchelson and Associate University Attorney Paul Zigas presented the revisions to the patent policy. After some discussion, Mr. Clark moved approval of the revisions to the patent policy as presented in board materials. Mr. Jones seconded the motion and the motion was unanimously approved. Text of this policy can be found as “Attachment H.”

Closed Session

Mr. Edwin Clark made a motion to go into closed session. That motion was seconded and approved with no negative votes. Following the closed session, the board returned to open session.
Action Items from Closed Session

Mr. Brinkley called on Mr. Clark to make a motion regarding an item discussed in closed session. Mr. Clark moved:

(1) To approve non-salary compensation in the form of an automobile allowance for Dr. Christopher Locklear, Chief of Staff to the Chancellor, in an amount established consistent with University policy; and

(2) To clarify that the East Carolina University Policy on Non-Salary Compensation for Employees Exempt from the State Personnel Act and the Automobile Policy are intended to allow the person employed in the position of Chief of Staff to the Chancellor to receive an automobile allowance as non-salary compensation consistent with University policy, as may be amended, in the same manner as associate vice chancellors, deans, and foundation presidents.

The motion was seconded and unanimously approved.

UNFINISHED BUSINESS

Mr. Brinkley announced the meeting dates for the 2013-2014 year. In addition, he asked that all Board members email him regarding committee preferences, as he will be making assignments in the upcoming weeks.

NEW BUSINESS

There were no new business items.

ADJOURNMENT

Mr. Brinkley adjourned the meeting at 11:50 a.m.
Respectfully Submitted,

Megan Ayers
Office of the ECU Board of Trustees
Thank you Mr. Brinkley.

I would like to begin by recognizing our four new Board members and well as our SGA President, Tim Schwan. Even though Tim is an old hand, having already attended one meeting, this will be his first full year on the Board. Mr. Davenport, Mr. Joyner, Mr. Plybon, and Mr. Yeargan, welcome to the Board of East Carolina University. I know from our preliminary meetings that each of you share our pride and our passion in ECU.

I think you will be joining an extraordinary public university that is mission driven and successful. We contribute over $3B to the North Carolina economy and return $3 to every $1 of state investment. Our
academic reputation continues to soar with the addition of the School of Dental Medicine, a growing Engineering program and a first rate Honors College. We prepare our students for both jobs and for an uncertain world...we will soon have 3,000 students just in the health sciences who are virtually guaranteed a good job at graduation. Perhaps most importantly, we serve our state with such model programs as the STEPP program, Medical Family Therapy in the College of Human Ecology, and the award winning Lucille Gorham Intergenerational Center. Mr. Yeargan will be especially happy to know that we beat NC State for C. Peter McGrath award last fall.
Agenda for the Year

My practice in the July meeting has been to keep my remarks short, but to suggest a preliminary agenda for the Board and the Administration to work on together. Of course, lots will be added to any agenda described in our first month. My agenda includes four items that I believe are vital to our future and will remain important for years:

1. **New Leadership**: I have an extraordinary leadership team which, for the most part, is successful in keeping me out of trouble. We filled two critical roles recently and hope to conclude very soon one important search. Chris Locklear is the new Chief of Staff and he is the person who can find me the quickest and is always the person to call if you’re really upset about something.
Jeff Compher has hit the ground running as our Athletic Director. He was recently named an “under armor athletic director of the year” and he is a person of integrity and infectious optimism. Jeff brings a strong record of winning championships to ECU...so Jeff, we don’t expect any second-place finishes. Jeff will need your help as we prepare for the new American Conference, especially to ensure that we are financially competitive.

A third leadership position is the Vice Chancellor for University Advancement, which will take on added importance as we cope with reduced state funding. We completed initial interviewing this week and will have more to say on this search soon. Several
Board members have been involved in the interviews and your input is very important.

2. **Strategic Planning:** Strategic Planning and prioritization are continuous enterprises at ECU...we have been doing them without interruption since the publication of “ECU TOMORROW”. Our current challenges are to ensure that our plan is in sync with the UNC Strategic Plan, adopted this past spring, to revise the “Purple Book”, and most importantly to ensure that we are investing in those programs that make the biggest difference for our students and for North Carolina. Our executive team meets on Friday, July 26 to finalize the process and goals for strategic planning for the year and we will present those to the Academic Affairs committee. We are
committed to a product that is authentic, bold, and distinctive.

3. **Brody School of Medicine**: While this school is one of our most important and successful, it is also extremely challenged fiscally, in part because we don’t own our own hospital and because 75% of the resources to operate the school are self-generated. We have a strong mission related to family practice and rural medicine and we were recently ranked #1 in the nation in family medicine by the American Academy of Family Physicians.

However, health care is undergoing unpredictable change, reimbursement rules have been substantially altered, and competition for many
services has intensified. The health sciences committee will have a vital role to play in protecting this marquee academic program.

4. Fiscal Sustainability: The agenda item that keeps me up at night most frequently is the budget, cutbacks in state appropriations, and the requirement that we do business differently in the future. I believe the next 4-5 years will be a very challenging time period. We must change our business practices, organizational systems, and operating assumptions in order to deal with the new fiscal picture. We know that students/their families will have to pay a much higher percentage of the cost of education and that we must protect the educational experience as our first priority. That
doesn’t mean that we have forsaken other goals, but it does require a stubborn focus on priorities and a willingness to make the difficult decisions. ECU has many advantages as we face this new reality:

1. A long history of prudent management and efficiency; we know how to be lean and mean;

2. A strong record of openness and transparency as we change our operating principles, as we evidenced in the Program Prioritization Committee; and

3. A can-do spirit and willingness to face head on the challenges of tomorrow. We are willing to ask all the hard questions and to question any sacred cow. In this spirit, we are developing plans for a new “University
Committee on Fiscal Sustainability” that we will launch at the beginning of the fall semester.

I appreciate your attention and, time allowing, I am happy to address questions.
1. In accordance with the Bylaws of the ECU Board of Trustees, the Nominating Committee must notify the Board of Trustees of the proposed slate of officers not later than June 30.

2. The Nominating Committee, consisting of Ken Chalk (chair), Joel Butler, Deborah Davis, and Steve Jones, recommends the following candidates for election to the officer positions:
   a. Chair: Robert Brinkley
      Carol Mabe
   b. Vice-Chair: Steve Jones
      Danny Scott
   c. Secretary: Edwin Clark
      Deborah Davis

3. At the July meeting of the Board of Trustees, the Nominating Committee will place in nomination the trustees listed above for the designated officer positions. As specified in the Bylaws, open nominations may also be made by any trustee.

4. In order to assist the trustees in evaluating the experience and qualifications of nominees, biographies of trustees are attached.

5. The Nominating Committee recommends that the election be conducted by written ballot in accordance with the Bylaws. For additional information, the section of the Bylaws related to officer nominations and elections is attached.
MEMORANDUM

TO: Rick Niswander
FROM: Scott Buck
DATE: June 27, 2013

SUBJECT: Request ECU Board of Trustees Approval for Student Life to Lease Off Campus Student Apartments

Due to the anticipated number of students expected fall semester 2013 and spring semester 2014, Student Life requests ECU Board of Trustees approval to lease off campus apartments to house ± 200 students in the fall 2013 semester and ± 200-400 students in spring semester 2014. Lease term shall be August 9, 2013 through May 15, 2014. Lease rates will be determined by competitive bids in accordance to university specifications.

This lease shall be in accordance with ECU Real Property Acquisition by Lease Delegated Flexibility Policy.

Source of funds shall be ECU Housing receipts.

MEMORANDUM

TO: Bill Bagnell
FROM: Frederick Niswander
DATE: July 2, 2013
SUBJECT: Approval of recommendations

Per your memo request dated July 1, 2013, I'm giving my approval on:

- Designer Selection Recommendation Dance Studio

Please proceed on to the next steps in this process.

Cc: John Fields
MEMORANDUM

TO: Dr. Fredrick Niswander, Vice Chancellor Administration and Finance

FROM: John G. Fields, PE, Director

DATE: July 01, 2013

SUBJECT: Designer Selection Recommendation
Dance Studio
Code: 41236 Item: 313

On July 1, 2013 the designer pre-selection committee for this project conducted interviews with the three firms listed below. A qualification based selection criteria was used in the interviews as required by the State Building Commission. Based on these interviews, the committee recommends the following three firms in prioritized order with JFK Architecture being the committee’s top recommended firm:

- JFK Architecture Greenville, NC
- LS3P Associates LTD. Wilmington, NC
- Kirwan Architecture Raleigh, NC

The committee consisted of John D. Shearin, III, Chairperson for the School of Theater and Dance, William Bagnell, Associate Vice Chancellor for Campus Operations, John Fields, Director for Facilities Engineering and Architectural Services, Robert Brown, Assistant Director for Facilities Engineering and Architectural Services, Ricky Hill, Interim Director for Facilities Services – Main Campus.

East Carolina University requires a design professional for a new dance studio facility. At approximately 16,000 square feet, the project will have to incorporate the required National Association of Schools of Dance’s (NASD) design standards for full accreditation of the dance program. The design will include at least three 2,500 square foot dance studios and a smaller informal performance area. Also included is a receptionist area, faculty/staff offices, male and female shower and dressing rooms, equipment storage and building operations support spaces.

Approval of the recommended firm, JFK Architecture, is requested. If you have any questions or need additional information, please do not hesitate to call.

MEMORANDUM

TO: Interested Designers

FROM: John G. Fields, PE
Director

DATE: May 09, 2013

SUBJECT: East Carolina University Dance Studio

East Carolina University is seeking the services of an architectural firm for the design of a new freestanding dance studio building. The project will require site analysis services, as well as, full design services for a new facility of approximately 16,000 square feet to house the current East Carolina University Dance Program.

The building shall include at least three 2,500 square foot dance studios and a smaller informal performance area. Also included shall be a receptionist area, faculty/staff offices, male and female shower and dressing rooms, equipment storage, data/telecommunications, audio visual, electrical and mechanical equipment spaces.

The building’s design shall be fully handicap accessible and shall also incorporate all the National Association of Schools of Dance’s (NASD) design standards. The design shall include all spatial and facility requirements that will enable full accreditation of the dance program.

Interested firms should submit six (6) copies of their combined letter of interest along with a current SF330 and a portfolio of relevant work. The format should be 8.5”x 11” pages stapled in the upper left-hand corner. The submission should not exceed (10) single sided pages or (5) double sided pages plus the required SF330.

To be considered for this project, ensure that your submission is received at the following address before 5:00 p.m. on May 24, 2013.

Robert M. Brown, AIA
East Carolina University
1001 East Fourth Street
Greenville, NC 27858

In accordance with our qualifications-based selection system, designers are expected to make no contact with our University staff, faculty or trustees at this stage of the selection process. All questions should be directed to this office, attention Mr. Robert M. Brown, AIA. The use of fax or email is highly recommended (brownro@ecu.edu). East Carolina University encourages participation by MWBE firms and supports the UNC system’s policy of ensuring and promoting opportunities for Historically Underutilized Businesses.

Thank you for your interest in East Carolina University.
MEMORANDUM

DATE: July 2, 2013
SUBJECT: Approval of recommendations

Per your memo request dated July 1, 2013, I’m giving my approval on:

- Designer Selection Recommendation School of Dental Medicine 4th Floor Phase 1

Please proceed on to the next steps in this process.

Cc: John Fields
MEMORANDUM

TO: Dr. Fredrick Niswander, Vice Chancellor Administration and Finance
FROM: John G. Fields, PE, Director
DATE: July 01, 2013
SUBJECT: Designer Selection Recommendation
School of Dental Medicine 4th Floor Fit-up Phase 1
Code: 41236 Item: 314

On June 27, 2013 the designer pre-selection committee for the above referenced project conducted interviews with the three firms listed below. A qualification based selection criteria was used in the interviews as required by the State Building Commission. Based on these interviews, the committee recommends the following three firms in prioritized order with Lord + Aeck + Sargent being the committee's top recommended firm:

Lord + Aeck + Sargent           Chapel Hill, NC
Flad Architects                Raleigh, NC
LS3P Associates LTD.           Wilmington, NC

The committee consisted of Dr. Gregory Chadwick, Dean for the School of Dental Medicine, Lloyd Nobles, Program Specialist for the School of Dental Medicine, Griff Avin, Director HSC Facilities Services, Bill Bagnell, Associate Vice Chancellor for Campus Operations, John Fields, Director for Facilities Engineering and Architectural Services Robert Brown, Assistant Director for Facilities Engineering and Architectural Services.

East Carolina University requires a design professional for the fit-up of the existing School of Dental Medicine's 4th floor shell space located in the previously constructed Ross Hall. This project will be the first of up to three projects that will fit-up the 47,000 square foot 4th floor. The phases will create research and or office space to support the School of Dental Medicine's accreditation process. Phase I is expected to fit-up approximately 23,000 square feet of the total 4th floor area. Approval of the recommended firm, Lord + Aeck + Sargent, is requested. If you have any questions or need additional information, please do not hesitate to call.

ECU MISSION STATEMENT
2013 UPDATE

BACKGROUND

UNC System President Tom Ross requested that all system campuses review and propose revisions to their mission statements submitted and approved in 2009. This process is to ensure consistency with the new “Our Time Our Future” UNC strategic directions plan.

Each campus was asked to pay particular attention to SACS Accreditation requirements, reflecting the full scope of educational programs offered in your mission, and incorporating significant distance and correspondence education efforts if applicable. President Ross also requested that the mission be carefully reviewed by all campus stakeholders and the Board of Trustees prior to submission to the Board of Governors for approval.

The current 2009 ECU Mission Statement was one of the most focused and university-specific of all member schools, and was praised by former President Bowles.

PROCESS

Chancellor Ballard appointed a committee co-chaired by Carol Mabe (Trustee & Co-Drafter 2009 Mission) and Ron Mitchelson (Interim Vice Chancellor Research & Graduate Studies) to review and update our mission as appropriate. Committee members represented all major university stakeholders:

- Students (Tim Schwann, SGA President)
- Staff (Mandee Lancaster, Chair Staff Senate)
- Faculty (Mark Sprague, Chair Faculty Senate; Marianna Walker, Strategic Planning Committee Rep)
- Administration (Virginia Hardy, VC Student Affairs; Beth Velde, Director Public Service)

The committee made initial revisions to the 2009 mission to address current strategic priorities and specific SACS issues; and to enhance key differentiators of ECU. The draft was made available to a wide range of constituents for input. Over 650 people responded to the draft with comments and input. 58% agreed with the mission statement preliminary draft. The committee reviewed all comments and input received, and consulted with the university’s Strategic Planning Steering Committee; then prepared the recommended mission statement.

The mission draft has been vetted and approved by the Chancellor and his administration.
WHAT IS A MISSION STATEMENT?

Our mission is our Core Purpose; our Primary Reason to Be. It defines our “Brand”.

- It is a precise statement that lets all constituencies know what we stand for
- It provides a sense of identity
- It unifies and inspires people
- It guides our decisions and actions

KEY CHANGES IN OUR MISSION STATEMENT

- Includes “student success” along with “public service” and “regional transformation” (Opening Phrase)
- References educating our students with necessary “knowledge, skills and values” (Point 1)
- Recognizes our innovative approaches for delivering an education to traditional and non-traditional students in creative ways (Point 2)
- Specifies that we prepare leaders “to serve” (ECU’s Motto) and to “inspire positive change” (Point 3)
- Speaks to our unique commitment to enhance eastern NC (Point 4)
- Clearly defines our healthcare focus and our unique mission to reduce health disparities (Point 5)
- Expands the ways we improve quality of life to include “athletics” along with cultural enrichment and academics (Point 6)
- Incorporates our commitment to careful stewardship of our resources among the ways we accomplish our mission (Closing Phrase)

Note that the entire Mission Statement is written in the “active tense”. These are the things we do.
To be a national model for student success, public service and regional transformation, East Carolina University:

- Prepares students with the knowledge, skills and values to succeed in a global, multicultural society;

- Uses innovative learning strategies and delivery methods to maximize access;

- Develops tomorrow’s leaders to serve and inspire positive change;

- Discovers new knowledge and innovations to support a thriving future for eastern North Carolina and beyond;

- Transforms health care, promotes wellness, and reduces health disparities; and

- Improves quality of life through cultural enrichment, academics, and athletics.

We accomplish our mission through education, research, creative activities, and service while being good stewards of the resources entrusted to us.
CURRENT ECU MISSION STATEMENT

To serve as a national model for public service and regional transformation by:

• *Preparing our students to compete and succeed in the global economy and multicultural society,*

• *Distinguishing ourselves by the ability to train and prepare leaders,*

• *Creating a strong, sustainable future for eastern North Carolina through education, research, innovation, investment, and outreach,*

• *Saving lives, curing diseases, and positively transforming health and health care,* and

• *Providing cultural enrichment and powerful inspiration as we work to sustain and improve quality of life.*
Supplemental Pay for EPA Employees

Associate Provost for Personnel and Resource Administration, 252-328-2679

Associate Vice Chancellor for Health Sciences Administration and Director, BSOM Faculty Employment, 252-744-1910

Assistant Vice Chancellor for Human Resources and Director for EPA Administration, 252-328-9882

1. Purpose

This Policy outlines practices for additional compensation paid to East Carolina University EPA employees: 1) faculty, 2) non-faculty (EPA-NF instructional and research), and 3) Senior Academic and Administrative Officers (SAAO) Tier I and Tier II. This Policy is not intended to modify any of the existing policies or procedures governing the administration of University salaries nor to address compensation practices for Clinical Support Services (CSS) or employees subject to the State Personnel Act (SPA). [Note: see the ECU Policy for Employees Exempt from the State Personnel Act for more information on the non-faculty classification of EPA employees]

2. Definitions

2.1. Base Salary – Base salary is the annual permanent salary of the employee approved by the Chancellor, Board of Trustees, or Board of Governors as it appears in the employment contract or subsequent salary increase/decrease letters. The base salary does not include any supplemental payments, although such payments may be addressed in a contract letter as part of the compensation package for the contract period.
2.1.1. For the purpose of defining the Base Salary, faculty in the Brody School of Medicine subject to the ECU Physicians’ Clinical Faculty Compensation plan, an EPA employee’s Base Salary will be the sum of the academic base and the supplement, as defined by the Clinical Faculty Compensation Plan.

2.2. **Supplemental Payments** – Supplemental Payments are compensation in excess of an EPA employee’s Base Salary for temporary increases in responsibility and/or for extra duties beyond the scope of the primary appointment. Prior approval of the supervisor, department chair or school director, dean and vice chancellor(s) are required. See Section 5, below, for a non-exclusive list of Supplemental Payment types. [Note: see the ECU Supplemental Pay Codes matrix for additional descriptors and budget coding]

2.3. **Contract Period** – For 9-month faculty the contract period is typically August 16 through May 15. For 12-month faculty the contract period is typically July 1 through June 30. The specific dates for individual employees are based on the actual employment contracts.

2.4. **Outside the Contract Period** – The specific dates of the time outside the employee’s contract period is based on the actual employment contract. There is no Outside the Contract Period for 12-month employees.

2.5. **External Funds** – Grant or other non-state appropriated funding sources.

2.6. **Dual Employment** – Dual employment occurs when a university employee agrees to perform services for another state agency on a part-time or contractual basis. Approval must be obtained from the supervisor, department chair or school director, dean and vice chancellor before the service is provided in order to ascertain whether the obligation will interfere with job duties and commitments of the primary position. Dual employment must be in accordance with the State of North Carolina Policy on Dual Employment.

3. **General Provisions**

3.1. No Supplemental Payments, above the Base Salary, may be paid for university duties that are generally related to the position to which the individual is appointed during the Contract Period. See Section 2.2 for a definition of Supplemental Payments and the Supplemental Pay Codes matrix for additional descriptors and budget coding.

3.2. Assignment of additional responsibilities for which supplemental payments may be considered must comply with university established Affirmative Action and Equal Employment Opportunity policies and procedures, up to and including a formal search process when required.

3.3. This Policy complies with applicable federal and state restrictions on level of effort for external sponsored projects, grants, or contracts. Federal restrictions permit up to 3/9ths effort for a 9-month employee outside the Contract Period and no more than 100% of total compensated effort during the Contract Period (133% Rule). In the case of these projects, the rate of pay for any Supplemental Payment must be the same as the base rate of pay for the employee’s primary contracted assignment.
3.3.1. Supplemental Payments, excluding approved summer research and instruction, and administrative supplements cannot be charged to a sponsored project.

3.4. All Supplemental Payments require the appropriate pre-approvals by the supervisor, department chair or school director, dean and vice chancellor. If the employee is in a different department/unit/division from the unit requesting service, approval of the supervisor, department chair or school director, dean and vice chancellor of the home department/unit/division is required, each time any vice chancellor approval is required under this policy.

3.5. Per the applicable hiring guidelines, less than full-time appointments during an academic or fiscal year can be increased up to full-time (1.0 FTE) with the appropriate additional compensation becoming part of their Base Salary upon approval by the supervisor, department chair or school director, dean and vice chancellor of the home department/unit/division.

3.6. Process for Approvals. Prior approval may be granted upon receipt and analysis of the following:

3.6.1. A written request from the appropriate unit administrator, including a rationale for recommending the employee, an explanation of the activities contemplated, a clear justification as to why the activity warrants Supplemental Payments, the relationships of the activities to the primary appointment, basis for the determination of the compensation rates, duration of assignment, and, if applicable, statements relative to any conflict with the primary appointment.

3.6.2. The request must be made to the supervisor, department chair or school director, dean and vice chancellor for their approval by affixing dated signatures on the request.

3.6.3. In the review, the total time commitments of the individual (workload, approved supplemental activities and external activities for pay) will be considered.

3.6.4. The approved request must be submitted to the Academic Affairs Personnel Administration, Health Sciences Personnel Administration, or EPA Human Resources Administration for final review and processing.

3.6.5. Documentation related to Supplemental Payments must be maintained in the employee’s personnel file.

3.7. No assignment that results in a supplemental payment may exceed one year, unless specifically approved by the appropriate vice chancellor(s).

3.8. No SAAO may be paid, in addition to his or her salary, for any services rendered to any institution-related foundation, endowment, or other entity that: 1) was established by officers of the university, 2) is controlled by the university, or 3) is tax-exempt based on being a support organization for the university.
3.9. All Supplemental Payments will be processed as compensation through ECU Payroll, and subject to all applicable taxes and withholdings.

3.10. Individual fund sources may have specific restrictions on compensation or may have more restrictive practices than this policy. When there is conflict between this policy and the sponsor or activity requirements, the most restrictive practice will normally be applied.

4. The Chancellor may approve supplemental pay in any exceptional situation that makes it unduly burdensome or otherwise contrary to the best interest of the university to fulfill one or more requirements of this policy by signing a memorandum that states the reason(s) for the exception. The memorandum is to be retained in the employee’s personnel file and a copy provided to the Academic Affairs Personnel Administration, Health Sciences Personnel Administration, or EPA Human Resources Administration.

5. **Types of Supplemental Payments**

   The following is a non-exclusive list of types of Supplemental Payments:

   5.1. **Conducting Seminars, Workshops, Continuing Education Programs, and Training Approval** may be granted for Supplemental Payments during the Contract Period for conducting non-credit short courses or presenting special lectures, seminars, workshops, creative activity, teaching in non-credit programs sponsored by the Office of Continuing Studies, or conferences for continuing professional education.

   5.2. **Administrative Assignments** EPA employees occasionally assume administrative duties for which Supplemental Payments are appropriate. Examples include, but are not limited to: (1) assignments of one year or less as coordinators of undergraduate, graduate or special programs; (2) interim appointments to a higher level of administrative responsibility, such as interim department chair, dean, or director.

   5.3. **One-Time Special Payments** EPA employees sometimes perform work unrelated to their primary appointment, such a special project related to the person’s expertise for which they may receive a payment.

   5.4. **Overload Instruction** Faculty should generally not be paid for teaching credit courses in addition to their normal course load. Instead, other arrangements should be made, such as a corresponding course reduction in the following semester. Under extraordinary circumstances, overloads may be approved consistent with the process outlined in this policy, for faculty to teach additional for credit courses. This is only allowable if this does not cause a conflict of commitment with other assigned duties, and the faculty member has an appropriate workload.

   5.5. **Summer Research and Instruction** Due to government restrictions on the level of effort, a 9-month faculty member who participates in government-sponsored research outside the Contract Period can teach summer sessions as long as the combination of teaching and research effort and compensation does not exceed 3/9ths of the Base Salary. The summer...
teaching rate of pay is determined by the academic unit. The summer research rate of pay is based on the previous year’s academic contract Base Salary and the 3/9ths requirements.

5.6. Instruction by EPA-NF and SAAO Employees (Tier II)  EPA-NF and SAAO Employees (Tier II) may be allowed, subject to advance approval as described herein, to receive a supplemental payment for additional instructional responsibilities provided the additional responsibilities do not conflict with the duties of their primary appointment. Generally the instructional responsibilities must be carried out at times other than during the normal working hours associated with the primary appointment. However, in extraordinary circumstances, the instruction may occur during normal working hours with the approval of the supervisor, department chair or school director, dean and vice chancellor(s). Paid leave may not be used to account for the time associated with the additional instructional assignment, but leave without pay is an option. If leave without pay is not used to account for the time away from the primary appointment, an alternate work schedule must be approved. All such arrangements must be reviewed annually and approved by the supervisor, department chair or school director, dean and vice chancellor(s).

5.7. External Funds

5.7.1. For 9-month faculty, Supplemental Payments can be earned outside the Contract Period for university-sponsored research that is externally funded by a government agency as approved by the department chair or school director, dean and vice chancellor and Office of Grants and Contracts. The maximum payment is 3/9ths of the Base Salary or 100% of time.

5.7.2. Government sponsors do not permit compensation beyond the base rate of pay during the Contract Period. As a general rule, faculty (9-month and 12-month) involved in sponsored research during the Contract Period should have their other assigned responsibilities reduced. All compensation rates and periods of appointment must be approved by the Office of Grants and Contracts. Individual sponsors may have more restrictive requirements than applicable university policies. The most restrictive policy will be applied for sponsored project compensation.

6. Effective Date

This Policy is effective [insert date] and shall supersede any previous supplemental pay policies at East Carolina University.

1. Introduction

1.1. East Carolina University (the “University”) is dedicated to the pursuit of instruction, research, scholarship, engagement, innovation development and the extension of knowledge for the benefit of the public good in an environment that is open to collaboration and publication. Inventions, discoveries, and other intellectual assets may arise as a result of the conduct of these activities by University personnel, including faculty and other EPA employees, employees subject to the State Personnel Act (SPA), clinical support services (CSS) employees, emeritus faculty, adjunct faculty, visiting faculty or other visitors or volunteers using research facilities, post-doctoral employees, graduate students, and undergraduate students participating in research as employees or otherwise, and may qualify as intellectual property in the form of patents or copyrights. The Board of Governors of the University of North Carolina has determined that patenting and licensing of these intellectual property assets are consistent with the purposes and mission of the University of North Carolina. This Patent Policy is subject to and supplements the patent and copyright policies of the University of North Carolina.

2. Coverage
2.1. This Patent Policy applies to all University employees, students, and volunteers, including, but not limited to, faculty and other EPA employees, employees subject to the State Personnel Act (SPA), clinical support services (CSS) employees, emeritus faculty, adjunct faculty, visiting faculty or other visitors or volunteers using research facilities, post-doctoral employees, graduate students, and undergraduate students participating in research as employees or otherwise. The individuals subject to this Patent Policy are collectively referred to herein as “University Personnel.” This Patent Policy is a condition of employment of every employee of the University and attendance of every student at the University.

2.2. Upon prior written agreement between non-University persons or entities and the University, this policy may be applied to persons not associated with the University who make their inventions available to the University under circumstances where the further development and refinement of such inventions are compatible with the research program of the University.

3. **Ownership**

3.1. **Patent Assignment Agreement:** All University Personnel engaged in or who propose to engage in research or other activities that may result in an Invention subject to this Policy as part of their affiliation with East Carolina University shall agree to, and execute, the East Carolina University Patent Assignment Agreement.

3.2. University Personnel shall not:

3.2.1. Enter into agreements with third parties (including but not limited to outside organizations) which would abrogate the University’s intellectual property rights and interests, and/or which would require use of University research resources;

3.2.2. Violate the terms and conditions of any grant or contract to which the University is a party; or

3.2.3. Without prior authorization, use or associate the name marks and other indicia of the University or its administrative units or academic departments in connection with any Invention subject to this Patent Policy.

3.3. **University Ownership of Inventions:** *Invention* means an invention or discovery of any new and useful process, machine, manufacture, or composition of matter; or any new and useful improvement thereof, including, but not limited to, compounds, prototypes, biological materials, software, complex multimedia works and tangible research results, that is:

3.3.1. Patentable under the laws of the United States or any foreign country;

3.3.2. Commercializable (through licensing or otherwise);

3.3.3. Obligated under a sponsored research agreement or any other agreement to which East Carolina University is a party; or

3.3.4. Created to support the administrative operations of the University.

3.4. Except as otherwise specified herein, the University owns all right, title and interest in and to any Invention or discovery or part thereof that (each a “University-Owned Invention”):
3.4.1. Results from research or other activities carried out at or under the auspices of East Carolina University; and/or

3.4.2. Is developed:

3.4.2.1. With the aid of the University’s resources or facilities, University Personnel; and/or

3.4.2.2. Through funds administered by the University.

3.5. With respect to any Invention owned by the University, upon request, the Inventor(s) shall execute promptly all contracts, assignments, waivers or other legal documents necessary to vest in the University or its assignees any or all rights to such Invention, including complete assignment of any patents or patent applications relating to the Invention.

University Personnel hereby irrevocably assign to the University, all right, title and interest in and to Inventions and related patent applications and patents, and shall cooperate fully with the University in the preparation and prosecution of patent applications and patents.

3.6. Inventor(s) Ownership of Inventions: “Inventor(s)” means an individual or individuals who contribute to an Invention that is subject to this policy. An Inventor who is a University Personnel may own all right, title and interest in certain Inventions (each an “Inventor-Owned Invention”) under either of the two following circumstances:

3.6.1. If the subject matter of the Invention is outside the scope of the Inventor’s/Inventors’ University activities (such activities included, but not limited to, the Inventor’s/Inventors’ research, teaching, administrative, service or permitted entrepreneurial activities) at the University, an Invention may be an Inventor-Owned Invention if it was made:

3.6.1.1. without the material use of University’s facilities, equipment, materials or resources;

3.6.1.2. without funds administered by the University; and

3.6.1.3. without interfering with the Inventor’s/Inventors’ obligation to carry out all of his/her University responsibilities in a timely and effective manner.

3.6.2. If the subject matter of an Invention is within the scope of the Inventor’s/Inventors’ University activities (such activities including, but not limited to, the Inventor’s/Inventors’ research, teaching, administrative, service activities or permitted entrepreneurial activities) at the University, the Invention may be an Inventor-Owned Invention if it qualifies as an “external professional activity invention.” An “external professional activity invention” means an Invention that:

3.6.2.1. meets the conditions set forth in section 3.6.1. (3.6.1.1 through 3.6.1.3.) above;

3.6.2.2. is made in the course of Inventor’s/Inventors’ external professional activities in compliance with the University’s Policy on External Professional Activities of Faculty and Other Professional Staff (or any substitute or complementary policy);
3.6.2.3. is not based on or, if to be practiced, does not require the use of intellectual property owned by the University;

3.6.2.4. arises out of a specific scope of work defined in a written agreement between the Inventor(s) and a third party; and

3.6.2.5. if such Invention is within the specific subject area of the Inventor’s/Inventors’ current and ongoing University research activities, such Inventor(s) has/have received prior approval from his/her departmental chair, school dean, unit director or similar administrative officer to engage in such external research activity, and notice of such approval has been provided to the University’s Office of Technology Transfer.

3.6.3. The University does not claim any rights in Inventor-Owned Inventions.

4. Revenue Sharing

4.1. The University shall share revenue earned from technology transfer activities with the Inventor(s) as specified in this section. Specific provisions of grants or contracts may govern rights and revenue distribution regarding inventions made in connection with sponsored research; consequently, revenues the University receives from such inventions may be exclusive of payments of royalty shares to sponsors or contractors. Moreover, the University may contract with outside persons or organizations for the obtaining, managing, and defending of patents. Any expenses incurred for the services of such persons or organizations, as well as any and all incremental expenses incurred by the University in obtaining and maintaining patents and/or in marketing, developing, and licensing and defending patents or licensable inventions, shall be deducted before the University distributes revenues as provided below.

4.2. The revenues that the University receives from a patent or invention shall be distributed as follows:

<table>
<thead>
<tr>
<th></th>
<th>1st $1,000 (Gross Receipts)</th>
<th>Next $100,000 (Net Receipts)</th>
<th>Greater than $101,000 (Net Receipts)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Inventor(s)</td>
<td>100%</td>
<td>50%</td>
<td>40%</td>
</tr>
<tr>
<td>Department(s)</td>
<td>n/a</td>
<td>15%</td>
<td>15%</td>
</tr>
<tr>
<td>School/College(s)</td>
<td>n/a</td>
<td>5%</td>
<td>5%</td>
</tr>
<tr>
<td>Invention Management Fund</td>
<td>n/a</td>
<td>25%</td>
<td>30%</td>
</tr>
<tr>
<td>Division of Research &amp; Graduate Studies</td>
<td>n/a</td>
<td>5%</td>
<td>10%</td>
</tr>
</tbody>
</table>

4.3. Applicable laws, regulations or provisions of grants or contracts may, however, require that a lesser share be paid to the Inventor(s). In the case of co-Inventors, each percentage share described in this paragraph as due a sole inventor shall be subdivided equally among the co-Inventors unless all the co-Inventors provide the University a written instrument signed by each of them allocating ownership among them other than in equal shares. In no event shall the share payable to the Inventor(s) in the aggregate by the University be less than 15% of gross royalties received by the University.
4.4. To the extent practicable and consistent with State and University budget policies, amounts allocated to the University pursuant to the above chart will be dedicated to support University scientific research, development, commercialization and education activities.

4.5. In the event that the Inventor(s) leaves the University, either voluntarily or involuntarily, and the Inventor(s) is entitled to receive compensation in accordance with this Policy, then the Inventor(s) shall continue to be entitled to receive payments during the remaining term of the applicable license agreement. In the event of death of an Inventor(s) who is entitled to receive compensation in accordance with this policy, then such payments will be paid to the Inventor's/Inventors' estate or as directed in accordance with a court approved action.

5. Sponsored Research

5.1. Government Sponsored Research:

Patents on any invention conceived or first actually reduced to practice in the performance of work under the Federal funding agreement arising from research supported by the United States Government (“Subject Invention”) may be controlled by the terms of the grants and contracts specified by the government agency pursuant to Federal law. Consistent with Federal law, the University may, within a reasonable time after disclosure to the U.S. government, elect to retain title to any Subject Invention. Also, the Federal government may receive title to any Subject Invention in which the University does not elect to retain rights or fails to elect rights within a reasonable time. In the event that the University elects to retain title to Subject Inventions then it shall provide the Federal government with a non-exclusive, non-transferable, irrevocable, paid-up license. In the event that the Federal Government retains title to Subject Inventions then the University shall be free to use such invention(s) so covered for its own scientific and educational purposes without payment of royalty or other charge, consistent with Federal Law. Except as provided by Federal law, the terms of government-supported grants or contracts, or when patent rights are waived by the government, patents arising from government sponsored research are controlled by this policy.

5.2. University Research Sponsored by Non-Governmental Entities:

The University must ensure that its facilities and the results of the work of University Personnel are applied in a manner which best serves the interests of the public. Likewise, the legitimate interests of a private sponsor who provides financial or other support to research carried out by the University must be considered. The University should normally reserve the right to ownership of patents on inventions arising out of research supported in whole or in part under grants or contracts with nongovernmental organizations or firms. Contracts or agreements which are entered into between the University and such organizations or agencies should contain clauses setting forth such a reservation unless deviations therefrom are requested by the sponsor and approved by the University consistent with the public interest. In the interest of fair treatment to the sponsor in consideration for the sponsor’s investment and in the interest of discharging the University's obligation to the public in the application of the time and talent of University Personnel and University facilities, special provisions may be negotiated by the University in such non-government sponsored contracts, upon request, provided:

5.2.1. That the University retains the right to use the invention for its own research, educational, and service purposes without payments of royalty fees;
5.2.2. That the University requires the sponsor to use due diligence in the commercial use of the invention; and

5.2.3. That the University retains the right to freely publish the results of its research after a reasonable period necessary to protect the rights of the parties and to allow for the filing of a patent application (Section 6 herein).

6. Duty to Disclose and Public Use and Publication Restrictions

6.1. Duty to Disclose:

All individuals whose discoveries and inventions are covered by this Policy (including University-Owned Inventions and Inventor-Owned Inventions) have a duty to disclose their discoveries and inventions promptly to the Office of Technology Transfer. The duty to disclose arises as soon as the individual has reason to believe, based upon his or her own knowledge or upon information supplied by others, that the discovery or invention may be patentable. Certainty about patentability is not required before a disclosure is to be made. Failure to timely disclose an Invention may prevent the Invention from being patented, may subject the University to noncompliance with federal laws and/or contractual obligations, and may result in other University sanctions.

6.2. Duty to Notify Prior to Public Disclosure:

6.2.1. The results of faculty and student research should be published in scholarly form. Though this Patent Policy does not limit the right to publish, except for short periods of time necessary to protect patent rights, publication, public use, or sale of an invention or otherwise making an invention available to the public may constitute a statutory bar to the granting of a United States patent for the invention unless a patent application is filed within one year of the date of a disclosure. Publication or public use also will generally be an immediate bar to patentability in most foreign countries.

6.2.2. It is the duty of the Inventor(s) to report or, if the Inventor(s) is not available to make such report, the duty of his/her supervisor to report to the Office of Technology Transfer any inventions subject to this policy prior to any publication, submission of manuscript for publication, sale, public use, or plans for sale or public use of an Invention (hereinafter a “Public Disclosure Event”). This duty to report applies immediately upon the Inventor(s) or his/her supervisor becoming aware of any such Public Disclosure Event, and shall remain an affirmative duty until a patent application or a provisional patent application is filed, or until the one-year anniversary of the first Public Disclosure Event, whichever event occurs first. If an Invention is disclosed to any person who is not employed by the University or working in cooperation with the University upon that Invention, a record shall be kept of the date and extent of the disclosure, the name and address of the person to whom the disclosure was made, and the purpose of the disclosure.

6.3. Publication Restrictions:

If a sponsor proposes to support a research effort that will involve a limited exclusive use license of resulting patents, the agreement with respect to publication shall include the following:
6.3.1. The sponsor must agree that the results of the research may be published if desired by the investigators or research workers;

6.3.2. To ensure that patent applications are not jeopardized, the University, investigators, and research workers may agree that any proposed publication will be submitted to the sponsor with a notice of intent to submit for publication. If within a period of no more than 90 days from the date of such notice the sponsor fails to request a delay, the investigators, research workers and University shall be free to proceed immediately with the publication. However, if the sponsor notifies the University that a delay is desired, the submission of the manuscript to the publisher shall be withheld for the period requested, but in no event shall the total period of delay be longer than one year from the date of the notice of intent to submit for publication mentioned above. Such a period will permit the sponsor to have the necessary patent applications prepared and filed but will not unduly restrict the dissemination of scientific knowledge.

7. Avoidance of Conflicts

7.1. Conflicts involving patentable inventions and discoveries may arise when University personnel or students enter into personal consulting agreements with outside firms and organizations. The agreements that outside firms and organizations wish to have executed by those who are to serve as their consultants frequently contain provisions as to the licensing or assignment of the consultant's inventions and patents. Unless such provisions are narrowly worded, they usually will apply to areas in which the individual's University work lies and thus come into conflict with the obligations owed by the individual to the University under these policies, either with respect to the rights of the University itself in an invention or with respect to the rights of a sponsor of research in the same field or subject matter.

7.2. Prior to signing any consulting agreement including, but not limited to, agreements involving patent rights and trade secrets, where any University time, facilities, materials or other resources are involved, University Personnel must bring the proposed agreement to the attention of the Office of Technology Transfer and either obtain a waiver of University rights or otherwise ensure the consulting agreement conforms with this and all other University policies. Consulting agreements may not in any way limit the right of any University Personnel to engage in teaching, research, or service at the University.

7.3. The foregoing requirements are in addition to, and do not eliminate the necessity for compliance with the ECU Policy on Conflicts of Interest and Commitment, the ECU Policy Statement on External Professional Activities of Faculty, and the ECU Policy on Secondary Employment for SPA and CSS employees.

8. Administration

8.1. Patent Committee:

The Patent Committee, appointed by the Chancellor and consisting of no less than three members, one of whom shall be designated by the Chancellor to serve as Chair, is charged with reviewing and recommending to the Chancellor or his delegate the procedures for the implementation of this policy; resolving questions of invention ownership that may arise between the institution and its faculty, staff, students, or volunteers, or among individuals; recommending to the Chancellor the expenditure of the patent royalty fund; and making such recommendations as are deemed appropriate to encourage disclosure and assure prompt and expeditious handling, evaluation, and prosecution of patent opportunities; and
to protect the interests of both the University and the public. The University Committee on Intellectual Property/Patents serves as the Patent Committee for the University. The Director of the Office of Technology Transfer shall serve as an ex-officio voting member of the Committee. The Office of Technology Transfer shall administer and provide support for the Committee.

8.2. Patent and License Management:

The Office of Technology Transfer is charged with administering the University’s patent management and licensing program, including, but not limited to filing, prosecution, and maintenance of the University’s patent portfolio and maintenance of the University’s license portfolio.

8.3. Implementation:

The Office of Technology Transfer is responsible for implementing this policy. Such implementation shall address various matters covered by this policy, including developing policies and procedures designed to supplement and interpret the ownership aspects of this policy, providing advice regarding ownership of specific works, releasing institutional rights, and accepting an assignment of rights to the Institution from an author or creator of a work.

8.4. Release of University Invention to Inventor(s):

In the event that the University chooses not to pursue patenting and/or commercialization of a University invention, the Inventor(s) may request release of the invention to them under the terms of the University Invention Release Agreement.

8.5. Dispute Resolution

8.5.1. Jurisdiction:

Review of all matters related to patents shall fall under the exclusive jurisdiction of the Patent Committee. Any individual subject to this policy may seek resolution of questions of invention ownership that have arisen between the University and its faculty, staff, students, volunteers, or among individuals by filing a written request with the Chair of the Patent Committee. The Chair shall appoint a 5-member Dispute Resolution Panel (“the Panel”) to address the dispute with at least 3 panel members being selected from the membership of the Patent Committee. In the event that the dispute involves the Chair of the Patent Committee, the Vice Chancellor for Research and Graduate Studies shall appoint the Panel. The Panel shall elect a chair from its membership. The University shall provide appropriate support to the Panel including, but not limited to, patent counsel or other patent expertise.

8.5.2. Conduct of the Hearing:

In its sole discretion, the Panel may elect to conduct a hearing or may make a recommendation based upon the written record, provided that all parties to the dispute are given an opportunity to present evidence and arguments in support of their respective positions. The hearing shall be conducted in accordance with procedures adopted by the Chair of the Panel. A party may be accompanied at the hearing by a non-participating advisor.
8.5.3. Disposition:

The Panel shall report its written findings, conclusions and recommendations for disposition of the matter to the Vice Chancellor for Research and Graduate Studies. Copies of such findings, conclusions and recommendations shall be provided to all parties, subject to confidentiality of third party interests, if any. Upon receipt of such findings, conclusions and recommendations, the Vice Chancellor for Research and Graduate Studies will conduct any further investigation deemed necessary and will issue the final University written decision.

9. Works Subject to Protection by Both Copyright & Patent Laws

9.1. In cases where an invention or creation is subject to protection under both patent law and copyright law, if the University elects to retain title to its patent rights, then the Inventor(s) shall assign such patent and copyright rights to the University.

10. Policy Exceptions

10.1. Exceptions to this Policy may be approved by the Vice Chancellor for Research and Graduate Studies if deemed to be in the University’s best interest and consistent with the UNC policies and federal and state law.
The ECU Board of Trustees met on December 10, 2012 via conference call. Participating in person or via call were Board Members Brinkley, Clark, Copeland, Davenport, Joyner, Mabe, Owens, Plybon and Yeargan.

The first item on the agenda was several naming proposals submitted by Athletics. Following discussion by board members, Mr. Clark made a motion to waive the Naming Policy which mandates a 30 day wait period between review and action. Mr. Joyner seconded the motion and the motion passed with no negative votes.

Mr. Joyner then moved that the Board approve the thirteen naming proposals as submitted in the board materials. Ms. Mabe seconded the motion and the motion passed with no negative votes.

Mr. Brinkley asked that the Athletics and Advancement Committee of the Board review the Naming Policy and make recommendations to the Board of Trustees regarding amending the policy.

The second item on the agenda was the election of 2 members of the Endowment Fund Board. Mr. Brinkley recommended that Mr. Plybon from the Board of Trustees be elected to a three year term and that Mr. Kel Norman from the ECU Foundation Board be elected to a two year term. Mr. Clark made a motion in support of these recommendations. Mr. Joyner seconded the motion and the motion was approved with no negative votes.

Following this item of business, the meeting was adjourned.

Respectfully submitted,

Megan Ayers
Office of the ECU Board of Trustees
