

Great Decisions

*A Community Forum on International Affairs,
National Security, and U.S. Foreign Policy*

The Great Decisions Program is the oldest and largest grassroots world affairs educational program of its kind in the country. Begun in 1954, it is the flagship program of the Foreign Policy Association, a non-partisan, non-governmental organization. The Great Decisions Program's goal is to discuss, debate, and learn about International Affairs, National Security, and U.S. Foreign Policy.

The Great Decisions Program is for anyone who desires to gain a deeper understanding of the current challenges the United States faces in the world today, from the threat of global terrorism to environmental issues, globalization, and development. Teachers, educators, students, military personnel (active and retired), business people, service organizations and clubs, political organizations, and international community groups will all benefit by gaining a greater appreciation for the complex international issues we face as a nation today. Audience feedback on these topics is sent directly to federal policy makers in the U.S. State Department.

This year the World Affairs Council of Eastern North Carolina (WAC-ENC) is again sponsoring the Great Decisions program with the assistance of East Carolina University. WAC-ENC also sponsors other speakers and events related to international issues. Please consider becoming a member. For more information, see our webpage:
