This is **NOT** a Math 1065 class at ECU!

Math is **NOT** a spectator sport! At ECU, we want you as an active participant!

**ECU’s Math 1065 Format**

- One 50-minute class each week with instructor
- A minimum of 3 flexible hours each week are required in the C.A.V.E (College Algebra Virtual Environment) located in the basement of Joyner Library. Instructors and tutors will be available at all times.
- 10 attempts to successfully pass EACH quiz
- Unlimited attempts to successfully complete homework
- **Mandatory attendance** on first day of class – If you are absent, you will be dropped from the course.

*(If you are enrolled in a course that requires MATH 1065 to be taken as a co-requisite (such as CHEM 0150, CHEM 1150/1151, PHYS 1250/1251, etc.) and if you are dropped from MATH 1065, you will ALSO be dropped from those courses—which may put you below full time status. Students need at least 12 semester hours to be considered full time.)*
