Academic Program Admission and Continuation Policy
for
Construction Management

For detailed information about degree progression students should contact the College of Engineering & Technology (CET) Advising Center.

I. General Admissions Policy
All students admitted to the construction management degree program will begin at the Lower Division. Upon completion of all Lower Division requirements, students will be admitted to upper division.

A. Construction Management Lower Division consists of the following:
   1. Maintaining a cumulative grade point average of 2.0 or higher during all terms of enrollment to take CMGT courses.
   2. Completion of 30 semester hours with an overall grade point average of 2.0
   3. Completion of MATH 1065 and PHYS 1250,1251 (or equivalent)
   4. Completion of CMGT 2210/11, CMGT 2400/01, and CMGT 2600
   5. Completion of CMGT 2200.

B. Upper Division Admission requires:
   1. Satisfactory completion of all lower division requirements.

II. Retention and Continuation Policy
A. Only students holding a cumulative grade point average (GPA) of 2.0 or higher will be allowed to enroll in any CMGT courses.

B. Probationary Status. Any student falling below a 2.0 cumulative GPA, will be immediately placed on departmental probationary status and notified of this action.
   1. The probationary period is defined as one academic term (excluding summer sessions) during which time the student is encouraged to raise their cumulative grade point average to at least 2.0 in order to remain in the construction management degree program.
   2. Probationary students who successfully earn a cumulative GPA of 2.0 or higher at the end of the probationary period will be returned to their previous status: Lower Division or Upper Division.

C. Students found in violation of approved course enrollment will be immediately administratively dropped from CMGT courses.
III. Additional Requirements based on Entry Status

In conjunction with the general admission policy, additional requirements based on entry status will apply. The entry status of an incoming student is defined below.

A. **Freshmen.** *(Newly admitted students with 30 or fewer transferred semester hours credits.)* Entering freshmen declaring Construction Management as a major are accepted directly into the lower division.

B. **Transfer students.** *(Newly admitted students with 30 or more s.h. credits from another institution.)* Entering students declaring Construction Management as a major are accepted directly into the lower division.

C. **Technical degree transfer students.** *(Students with an earned associate of applied science degree (AAS) in an approved technical field.)* Students may be admitted directly to the upper division upon completion of MATH 1065 and PHYS 1250, 1251 (or equivalent) before or within the first semester of study at ECU.

D. **ECU transfer students.** *(Students changing from another ECU major or from the General College).* Minimum of a 2.0 GPA to declare CMGT major.

E. **Second degree students.** *(Students with an earned bachelor level degree in another major discipline).* Candidates are required to complete Physics 1250, 1251 or equivalent approved courses. Students will be required to work through the approved CMGT sequencing of classes to earn their bachelor’s degree in Construction Management.

IV. **Exceptions** to the Construction Management departmental admission and continuation policy require approval by the Department Chairperson.
