

**MASTER OF SCIENCE IN  
TECHNOLOGY SYSTEMS**  
**NATIONAL DEFENSE UNIVERSITY PARTNERSHIP**

CONCENTRATION IN  
**COMPUTER NETWORK MANAGEMENT**

East Carolina University, in partnership with the National Defense University, offers the Masters of Science in Technology Systems (MSTS) with a concentration in **Computer Networking Management**. This technical program emphasizes advanced study in the implementation and management of information technology. The program provides hardware and software experiences in advanced technologies used in the design, implementation, administration, monitoring, optimization, and maintenance of data communication and computer networking systems in industry. The 18-hour concentration builds upon a 12-hour core to provide knowledge used to build career opportunities in occupations such as: Chief Information Officer, Network Architect, Information Security Officer, Network Administrator, Corporate Technology Trainer, Computer Analyst, Information systems consultant, and Technology Integration Specialist.

Core Courses (12 Semester Hours)	Concentration Courses (18 Semester Hours)
ITEC 6050 Strategies for Technical Management and Communications (Program Introduction)	ICTN 6823 Information Security Management* <sup>#</sup>
ITEC 6000 Statistical Applications in Industry* <sup>#</sup>	ICTN 6850 Managing Technological Change* <sup>#</sup>
ITEC 6200 Technology Project Management*	ICTN 6865 Fundamental Network Security
ITEC 6406 Capital Project and Cost Analysis for Technology*	ICTN 6875 Emerging Technology
	ICTN 6880 Adv. Topics Information Infrastructure Design
	ICTN 6885 Network Management Technology
* 15 hours are transferred upon completion of the NDU's AMP and CIOC program & acceptance into the MSTS program.	
<sup>#</sup> 9 hours are transferred upon completion of the NDU's IAC program & acceptance into the MSTS program	

**ADMISSION STANDARDS**

Applicants must have a baccalaureate degree from a regionally accredited institution and have an overall GPA of 2.7 on a 4.0 scale on all undergraduate work. Each applicant must have completed the National Defense University's AMP and CIOC programs, which incorporate three key competency subject areas (Capital Planning and Investment, Security and Assurance, and Acquisition). The standardized test requirement has been waived.

**Prerequisite:** Cisco CCNA or equivalent coursework.

**ADMISSION PROCEDURE**

1. Complete and submit a graduate application from the ECU Office of Graduate Studies website at [www.ecu.edu/gradschool](http://www.ecu.edu/gradschool).
2. Return any required forms such as the Statement of Legal Residence, Statement of Purpose, official copies of all transcripts, and three letters of reference to the ECU Office of Graduate Studies.

**THE FINE PRINT**

The Department of Technology Systems is a national leader in offering graduate, technology related degrees online. The program is Internet based and permits students to be advised, complete courses, collaborate on projects, conduct research, and complete the degree via the Internet. Each student should have a state-of-the-art computer and reliable high speed Internet access. Students typically spend 10-15 hours per week in preparing for and participating in each course. Courses are scheduled in a sequence over the fall, spring, and summer semesters and this allows program entry in any semester. All students must meet admission and retention standards established by the ECU Graduate School.

**Comprehensive Exam:** All students are required to pass the comprehensive exam, which covers all areas of the curriculum and also features a research write-up. Students who pursue the thesis-track option are exempt from the comprehensive exam.

*All information provided in this flyer is subject to change without notification. Students and applicants are required to review the Graduate Catalog ([www.ecu.edu/grcat/](http://www.ecu.edu/grcat/)) to learn about the current requirements, regulations, and policies.*
