Our spacious student lodgings are located just steps away from our classroom door. Each furnished apartment is newly renovated, modern and comfortable, with 4 students sharing 2 bedrooms, 1 or 2 bathrooms, and a large kitchen and living room. Lodgings are paid for in the program cost and they include all utilities, furnishings and bed linens.
Some students may choose to live in the charming Bed and Breakfast with Chiara Ulivieri, who speaks perfect English and shares with them her passion for cooking. In the Bed and Breakfast 4 students share 2 bedrooms on the 3rd floor, with one bathroom and a lovely sitting room. They share the living room and the large well equipped kitchen with Chiara, and have their own refrigerator. The beautiful sitting areas include an outdoor garden and a fireplace in the living room. The Locando Linando Bed and Breakfast dates back to the 13th century, and it has been beautifully and carefully restored based on historical research. http://www.linando2.it/en/

Chiara and her family restored the Locando Linando and she learned to cook with her father, a native of Certaldo, who was a chef!

The private sitting room upstairs for the students. The best kitchen in Certaldo!
