AgriSafe Provider of the Year
Retrieved from: AgriSafe in Action March 2012 Issue

“Barbara Gallagher is the 2011 recipient of the AgriSafe Provider of the Year Award. This award is given to an AgriSafe provider who demonstrates compassion and leadership that our founding member, Jean Hirth exhibited in 2003.

Barbara has been energetic, creative, and resourceful in her efforts to deliver AgriSafe of CommWell Health services and expand AgriSafe services throughout North Carolina. She is a trained AgriSafe nurse who shows a genuine concern for not just the farmer, but the farm family and the employees. Barbara has devoted her time to delivering AgriSafe services across North Carolina at farm shows, Cooperative Extension crop production meetings, agribusinesses, Farm Bureau events, community fairs, commodity association meetings, certified pesticide applicator classes as well as at individual farms.

Congratulations Barbara!”
