Funding opportunities for student researchers in College of Allied Health Sciences

The Office of Research is invested in supporting student researchers across the College of Health Sciences. Students presenting research findings at conferences as first or second author can apply for a CAHS Student Travel Award for matching funds. The application deadline for travel funds that will be expended this semester is September 30th. New this year is the CAHS Thesis/Dissertation Research Grant Program! Submission deadline is rolling. Students can apply once their thesis or dissertation proposal has been approved by their committee.

Five questions with…

Dr. Roman Pawlak from Nutrition Sciences is spotlighted in the Five questions with… on the Office of Research website for September. Learn more about Dr. Pawlak’s research and what he likes about working at ECU!

Highlights

- Congratulations Dr. Alyson Butler Lake! She successfully defended her dissertation, “The effect of noise exposure on auditory threshold, otoacoustic emissions, and electrocochleography” under the direction of Dr. Andrew Stuart in the Department of Communication Sciences & Disorders. Dr. Lake is working as a clinical audiologist for Blue Ridge Ear, Nose, Throat & Plastic Surgery in Lynchburg, VA.

- Congratulations Dr. Roman Pawlak in Nutrition Science! He was recently awarded a grant by the Academy of Nutrition and Dietetics Foundation to assess vitamin B12, EPA, DHA and BDNF of human milk from vegan, vegetarian, and non-vegetarian lactating mothers.

- Save the date and RSVP for Health Sciences Research Mingle @ Kasturi’s Pub – September 15th, 4:30 – 6:30. “Keeping Time: Accountability & Productivity”

Funding & Research Opportunities

Share with your Graduate Students!!!
Three Minute Thesis (3MT)
October 26, 2016 Deadline
3MT is a research communication competition for graduate students to present their research in 3 minutes to a non-specialist audience.

NIH Academic Research Enhancement Award (R15)
October 2016 Deadline
Please refer to the program announcement for information about the R15 parent award.

Research Infrastructure Development for Interdisciplinary Aging Studies (R21/R33)
October 2016 Deadline
This funding opportunity is for proposals that seek to develop novel research infrastructure to advance the science of aging in specific areas requiring interdisciplinary partnerships or collaborations.

Planning to submit a grant proposal in the next month or two?

It is never too early to begin working on your grant proposal. Contact Stephanie Hendrix (hendrixs@ecu.edu) for assistance with your budget, documents, and navigating RAMSeS.
