Dissertations

Retrieved from ProQuest Digital Dissertations & Theses: http://search.proquest.com/

The effects of presentation rate on semantic, syntactic, and orthographic processing and relationship to reading fluency in children. Wolfe, Donna L., Ph.D., East Carolina University, 2011, 176 pages; AAT 3456507.

Auditory event-related potentials recorded during passive listening and speech production by Swink, Shannon D., Ph.D., East Carolina University, 2010, 359 pages; AAT 3419174

Cultural influence on listener responses to stuttering by Zhang, Jianliang, Ph.D., East Carolina University, 2010, 239 pages; AAT 3404403

An investigation of auditory and visual temporal processing in children with reading disability by Smith, Lauren, Ph.D., East Carolina University, 2009, 265 pages; AAT 3355840

Binaural interference in normal hearing children by Shanley, Robyn Helena, Ph.D., East Carolina University, 2009, 176 pages; AAT 3355839

Functional aging of the inner ear sensory systems in mouse models of age-related hearing loss by Mock, Bruce E., Ph.D., East Carolina University, 2009, 254 pages; AAT 3338787

Picture naming and word reading: Differential diagnostics tasks for children following traumatic brain injury? by King, Kristin A., Ph.D., East Carolina University, 2008, 185 pages; AAT 3343415

An animal model of dysphagia in amyotrophic lateral sclerosis by Lever, Teresa E., Ph.D., East Carolina University, 2008, 225 pages; AAT 3302343

The role of altered auditory feedback in the amelioration of stuttering in children by Guntupalli, Vijaya Kumar, Ph.D., East Carolina University, 2007, 236 pages; AAT 3266249

The role of auditory temporal processing in the speech perception of voicing in stop consonants by Elangovan, Saravanan, Ph.D., East Carolina University, 2005, 245 pages; AAT 3188690

Late auditory evoked potentials as electrophysiological indices of behavioral discrimination by Walker, Letitia, Ph.D., East Carolina University, 2005, 247 pages; AAT 3193087
Inhibition of stuttering from second speech signals by Dayalu, Vikram N., Ph.D., East Carolina University, 2004, 262 pages; AAT 3120271

The role of gestural imitation in the inhibition of stuttering by Saltukaroglu, Tim, Ph.D., East Carolina University, 2004, 254 pages; AAT 3149740

Exploratory research in the role of cognitive initiation in the enhanced fluency phenomenon by Snyder, Greg, Ph.D., East Carolina University, 2004, 92 pages; AAT 3121875

Naming and rhyme recognition abilities in children diagnosed with childhood apraxia of speech by Smith, Martha Lester, Ph.D., East Carolina University, 2004, 203 pages; AAT 3136096

Effects of rate, frequency, and ear of stimulation on the amplitude of late auditory evoked potentials by Carpenter, Michael D., Ph.D., East Carolina University, 2003, 64 pages; AAT 3109324

Swallowing apnea onset: Causes and relationship to lingual bolus propulsion in normal adults and adults with laryngectomy by Hiss, Susan G., Ph.D., East Carolina University, 2001, 185 pages; AAT 3027817

Within category naming in mild traumatic brain injured and normal adults by Barrow, Irene Marie, Ph.D., East Carolina University, 2001, 224 pages; AAT 3001256

The effects of similarity of test and competing stimuli on late auditory evoked potentials in young male and female listeners by Hymel, Murvin Raymond, Jr., Ph.D., East Carolina University, 2001, 242 pages; AAT 3029870

The effect of filtered speech feedback on the frequency of stuttering by Rami, Manish Krishnakant, Ph.D., East Carolina University, 2000, 58 pages; AAT 9968758

Doctoral Students’ Research Publications From Dissertations

**Doctoral Students’ Independent Research Project Publications**

**Doctoral Students’ Research Funding**

**Doctoral Students’ Research Awards**

Lever, T.E. (2004). *Summer Scholars Research Program*, Brody School of Medicine, East Carolina University.
