

Annie (Kampa) Blaubach

Annie graduated in 2002 and she resides in Winterville. She is married to Chris and they have one child, Natalie. One class memory while attending ECU was the relief in “finally finishing her independent study.” Since graduating, she feels her greatest accomplishments have been starting her family and getting back into pediatrics. She is currently working at Pitt County Memorial Hospital in pediatric rehab. She has also worked at the Caswell Center, outpatient adults and kids at Comprehensive Rehab of Wilson, and ICU/Intermediate trauma/surgery/neurosurgery at PCMH. Her specialty areas include brain injury and orienting to the NICU. Her hobbies are reading, Bunco, scrap-booking, and spending time with her family.
