

Donna (Cobb) Greene

Donna graduated in 1990 and she now resides in Cary, NC. She is married to John and they have one son, Christopher who is six. Her greatest accomplishment since graduating was starting her own business, Kids R Us Therapy, Inc. Since graduation she has worked in different settings, including the hospital, private practice, schools, home health, independent contractor, and now owning her own company. What an accomplishment! Her most exciting “moment” was getting that first paycheck as an Independent Business Owner! Donna enjoys reading, decorating her home, boating and playing with her son. She would like to achieve “financial freedom.”
