Introduction to the Master of School Administration

The Master of School Administration degree (MSA) is designed to prepare individuals to become school leaders. Program studies include a significant service-learning component. ECU Faculty deliver MSA course content in an instructional environment that encourages and supports students to serve as problem-solvers, communicators, innovators, collaborators, and change agents in their respective schools and school districts. A supportive school and district setting is essential for MSA students as they immerse themselves into these service-learning experiences.

The MSA is designed to allow full-time or part-time study. Part-time students begin the program in the second term of summer and continue for six continuous semesters. The part-time MSA program of study coursework is delivered hybrid face-to-face at an off campus partner location (i.e.; school, district office, etc.) and online. The MSA program consists of 42 semester hours (s.h.), including 27 s.h. of coursework and 15 s.h. of a year-long internship (see program of study section).

Full-time students begin the program in the fall semester and continue for 2 fall and spring semesters for a total of 4 consecutive semesters. Classes for the full-time MSA program are held on campus and during the regular day. No summer semesters are included.

Participation as a North Carolina Principal Fellow (NCPF) enables the individual to obtain an MSA degree after completing a one-year full-time academic program on campus and a full-time internship in the second year at a public school in North Carolina. NCPFs are expected to complete the MSA degree in two years and agree to meet the standards set by the NC Principal Fellows Commission. The NCPF agrees to practice as a full-time administrator for four years within six years following completion of the master's degree. Individuals who do not complete the program or serve in an eligible position for four years must repay the debt in cash at an interest rate of 10%.

Principal Licensure Only (PLO) program is offered through our regional and on-campus cohorts within the Master of School Administration degree (MSA) program and is designed to prepare individuals to become school leaders while enrolling as non-degree seeking students. Students enroll for license only and therefore courses will not apply to a degree program in supervision or administration. Eligible candidates for the PLO License (012) must hold a Masters in a related area of education from a regionally accredited university, an "M" level SP2 license, and a minimum of three years teaching/public school experience.
Admission to the MSA

Prerequisites
A supportive school and district are essential for MSA students as they immerse themselves into these service-learning experiences. MSA applicants need to be able to demonstrate in their application strong evidence of teacher leadership with at least three years of teaching experience.

Application Process
All application materials must be processed using the ECU GradApply website of the ECU Graduate School. The fully completed application deadline is January 15.

- **Transcripts** – applicants are required to submit official transcripts to the ECU Grad School.

- **MAT or GRE Official Report** - current (within 5 years) GRE or MAT score. The ECU Graduate School requires a score at or above the 30th percentile. NOTE: The GRE/MAT may be waived for applicants through the “Professional Admissions” process. At least one of the these two conditions must be met to be eligible: 1) 5 or more years of teaching experience by the end of this school year as indicated on the North Carolina teaching license and resume, or 2) an existing Master's Degree in an educational related field as indicated by an "M" license on the NC teaching license.

- **Statement of Purpose** and response to three Written Scenarios are included as a supplemental application through the graduate school. The Statement of Purpose - is a narrative document that should express the reasons the applicants wants to be considered for admissions and how the MSA will assist them in realizing their professional goals and aspirations. The Written Scenarios - require brief responses (250 words or less) to three Leadership Scenarios.

- **North Carolina Teaching License** - upload a scanned copy of current SP2 North Carolina teaching license: Candidates for the MSA program must have an entry-level school license and a minimum of three years teaching/school experience (SP 2 license). SP1 candidates who will be eligible for the SP2 license at the end of the current school year are eligible to apply.

- **Current Resume**- upload your current resume highlighting teacher leadership experiences.

- **MSA Letter of Support Form** - upload a scanned copy of the signed “MSA Letter of Support Form”. This letter must be signed by the applicant, principal, and superintendent/designee. This agreement is required to assure the MSA candidate has the support of a school principal and school system to pursue this program.
Upon admissions, a final “MSA Letter of Agreement and Support Form” will be signed to solidify the partnership with the MSA program and to establish guidelines of agreement for the MSA student, the principal, and the superintendent/designee.

- **Three References** – as required in the online application process, list the names and email addresses for your 3 professional letters of recommendation (one must be from the applicant’s current principal or immediate supervisor). A secure email will be sent to each requesting a reference.

- **Interview** - once the Graduate School informs the Department of Educational Leadership that the candidate’s application is complete, an Admission Interview will be scheduled via WebEx

**Admission to PLO Program**

All items required for MSA admission apply for admission to PLO program. The applicant must work with program advisor for submission of all materials.
**Programs of Study**

The MSA program consists of 42 semester hours (s.h.), including 27 s.h. of coursework and 15 s.h. of a year-long internship as follows:

Core: LEED 6901, 6902, 6903, 6904, 6905, 6906, 6907, 6908, 6909 - 27 s.h.

Internships (select program) – 15 s.h.

- **Full-time Program:** LEED 6926, 6929
- **Part-time Program:** LEED 6921, 6922, 6924, 6925

**Projected Part-time MSA Program of Study (42 s.h.)**

**MSA Course Descriptions and Course Numbers**

6901. Introduction to School Leadership (3) P: Admission to MSA program. Assessment of leadership skills and behaviors.

6903. Micro-Political Leadership and Decision-Making within a Legal Context (3) (SL P): Admission to MSA program. Effective decision-making within the context of school organizations and legal contexts.

6904. External Development Leadership for Cultivating Partnerships (3) (SL): Admission to MSA program. School community partnerships and effective communication skills with internal and external stakeholders.

6905. Managerial Leadership for Complex School Operations (3) (SLP): Admission to MSA program. Resource maximization by establishing processes and systems that lead to school improvement and student success.

6906. Human Resource Leadership for Professional Growth (3) (SLP): Admission to MSA program. Effective recruitment, placement, induction, mentoring, evaluation, development, and empowerment of teachers and staff.

6907. Leadership Skill Development (3) P: Admission to MSA program. Simulations for leadership development.

6908. Instructional Leadership for Teaching and Learning (3) (SLP): Admission to MSA program. Integrating purposeful and proactive organization, sequencing, and management of teacher and student interactions.

6909. Cultural Leadership for Systemic School Improvement (3) (SLP): Admission to MSA program. School improvement by promotion of a school culture of collaboration, diversity, safety, ethical values, and high expectations.

6921. Internship in Management (3) Part-time students. P: Admission to MSA program. Development and refinement of K-12 management skills.

6922. Internship in Leadership (3) Part-time students. P: Admission to MSA program. Development and refinement of K-12 leadership skills.

6929. Internship in Management, Leadership, and Supervision (9) Full-time students. P: Admission to MSA program. Full-time students. Development and refinement of K-12 leadership, management, and supervisory skills.

Registration

The secretary of the Department of Educational Leadership registers each MSA student each semester. Students are expected to check their course registrations once registration opens at ECU to verify their classes and pay tuition.

Adequate Progress

Students must maintain a minimum of a B average in the MSA program. A score lower than a B in any internship course will result in dismissal from the internship and the program. A score of a C in two or more courses (excluding the internship) can result in dismissal from the MSA program. A score of an F is an automatic dismissal from the MSA program. To begin each semester in the MSA program, students must have a minimum of a B average in each course taken and completed the Service Leadership Projects (SLPs) associated with these courses. Students that earn a grade(s) of incomplete may not continue in the MSA program until the incomplete grades are resolved and grades are changed. Exceptions may be made by the MSA Advisor.
Internship

An intensive internship is the culminating activity for the Master of School Administration candidates at East Carolina University. This yearlong internship provides the time for candidates to apply theory and knowledge about school leadership learned in the classroom. This on-the-job training provides opportunities for interns to develop and refine leadership skills as they contribute to the total school program.

Purpose of the Internship

The purpose of the internship is to blend the theoretical and research-based content of course offerings with the practical day-to-day experiences of school leadership. Ultimately, the internship affords candidates a realistic notion of school administration and allows candidates to learn from past experiences while they develop an appreciation for reflective practice.

In order to reap the full benefits of internship learning opportunities, an intern must be directly involved in the many diverse activities a principal encounters on a daily basis. An intern is expected to examine the overall school vision, become immersed in the school’s improvement process (ELCC 1.3), and make a significant contribution to this vision and process as he/she refines his/her leadership skills (ELCC 2.1). It is expected that, upon successful completion of the program, an intern will be prepared to assume a school leadership position.

Eligibility for Internship

The intent is that an internship should follow study of leadership theory, change theory, education law, ethics, curriculum, communication and other topics in order for that knowledge base to be tested in practical application. Full-time and part-time MSA candidates complete their internships during the second year of a two-year program. Full-time candidates complete their internship fall and spring semesters. Part-time candidates complete their internship summer 1 & 2, fall and spring semesters. The gateway to begin the internship 1st summer session, students must have a minimum of a B in each course taken and completed the SLPs associated with these courses. The MSA Coordinator may make exceptions.

The Intern’s Calendar

North Carolina state legislation requires a significant, yearlong, full-time internship for candidates enrolled in the MSA program in Educational Leadership. At ECU the internship carries fifteen (15) semester hours of credit over two to four semesters. Full time interns enroll in LEED 6926 (fall) and LEED 6929 (spring). Part time interns enroll in LEED 6921 (1st summer session), LEED 6922 (2nd summer session), LEED 6924 (fall) and LEED 6925 (spring).
Completion of MSA Internship – Adequate Progress

Students must maintain a minimum of a B average in the MSA program. A score lower than a B in any internship course will result in dismissal from the internship and the program. A score of a C in two or more courses (excluding the internship) can result in dismissal from the MSA program. A score of an F is an automatic dismissal from the MSA program.

Completion of MSA Internship – Time Requirement

The 1,000-hour administrative experience requirement of the internship for interns employed with a school system or full-time MSA Candidates is two-fold: (1) interns must log a minimum of 600 directed administrative hours during the academic year (including summer months), and (2) will complete 400 supplemental hours at the discretion of their university supervisor. Interns will consult with their site supervisor, a licensed practicing principal, to determine the completion date of the internship and receive approval from their university supervisor. MSA interns not employed with a school system must log 1000 hours of administrative experience at a school with their site supervisor and received approval from their university supervisor.

MSA administrative interns can fulfill this time requirement in one of the following three ways:

I. Full-Time MSA Candidates

Full-time candidates have resigned from their teaching positions or obtained professional leave. For example, most Principal Fellows are granted professional leave by their employing school district for the two years they are enrolled in the MSA program.

The full-time internship candidates (including Principal Fellows) attend to their internship duties four days a week during ECU’s regular academic year. The fifth day is set aside to attend ECU courses and periodic internship seminars and/or workshops. A projected calendar of on-campus activities will be given to each intern early in the fall semester.

II. Part-Time MSA Candidates Employed in a Full-Time Administrative Position

These interns are employed by a school district in an administrative position five days a week. Although these candidates enjoy full-time employment with full-time administrative responsibilities, the reflective internship experience provided through seminars, journaling, collection of artifacts, and professional leadership portfolio development will enrich their practice and enhance their administrative skills. Occasionally, these candidates may be granted leave to take a morning or afternoon course on campus with full-time candidates.
III. Part-Time MSA Candidates Employed in a Teaching Position (Extended Interns)

Extended interns hold regular teaching positions in a school system and undertake an internship in addition to their teaching responsibilities. Although the ECU faculty strongly recommends one of the two previously mentioned options, they recognize that this arrangement may be necessary for some candidates. While full-time interns and administrative employees easily invest at least one thousand hours in their administrative experiences, “extended” interns who log administrative hours while they continue to teach must monitor their hours more carefully. It is essential that extended interns work closely with their site supervisor to determine how they will experience a wide variety of administrative responsibilities. The 1,000-hour administrative experience requirement of the internship is two-fold: (1) interns must log a minimum of 600 directed administrative hours during two summer sessions and a fall and spring semester and (2) complete 400 supplemental hours at the discretion of their university supervisor.

Final Evaluation of an Intern’s Performance

The internship assessment is an evaluation of four requirements of an intensive year-long internship: (1) attendance and active engagement in seminar activities; (2) observations by the university supervisor and the site supervisor, a licensed and practicing school principal; (3) completion of a webfolio (including summative activity) that documents professional growth; and (4) completion of an oral examination based on the webfolio evidences.

Seminar activities include attendance at each of the 8 seminars, being prepared with an artifact that matches the appropriate “required experience” for the month, the preparation and sharing of a reflection about learning associated with the artifact, participation in discussions following peer presentations of artifacts and reflections. The artifacts are required to show alignment with the North Carolina School Executive Standards (NCSES) because licensure in North Carolina is based on these standards. The MSA program at ECU developed a table aligning the NCSES with ELCC and the NCSES Preservice Evaluation Standards (NCSEER).

Observations include school visits, e-mail correspondence with site supervisor, and formative and summative data from the site supervisor. Throughout the year, the university supervisor seeks feedback from the site supervisor, the intern, and other school district administrators regarding the effectiveness of the internship program. This will include a formative and summative assessment from the site supervisor using the DPI assessment instrument. At the time of the university supervisor’s final visit to the school, the site supervisor, and the intern evaluate not only the intern’s progress, but also the effectiveness of the internship program.

Webfolio includes documentation of a minimum of 600 hours of quality work in a school in an administrative capacity.
Comprehensive Examination assesses the ability to respond to questions (based on the individual webfolio) that demonstrate competence to succeed as an entry-level school administrator. The examination consists of two parts: written and oral. An intern’s progress as reflected in the portfolio is the basis for the written and oral comprehensive examinations. The written examination involves the submission of a Leadership Internship Webfolio and the completion of a Summative Activity. It represents the culmination of the MSA program and, in particular, the internship. The contents of the Leadership Internship Webfolio are expected to provide evidence of competence in each of the North Carolina School Executive Standards. The webfolio also provides evidence of an intern’s reflections on individual growth with respect to knowledge, skills, and professional perspectives. The oral examination focuses on the contents of the Leadership Internship Webfolio and requires an intern to present, discuss, and “defend” the learning reflected in the webfolio as related to the performance domains and essential administrative skills. At the oral exam, the intern should be able to:

- Respond to questions in a manner that clearly supports the learning documented in the webfolio
- Be able to articulate appropriate educational philosophy
- Be able to discuss the importance of vision in a school and clearly relate it to the internship experiences
- Be able to discuss skills that were developed during the internship and skills that require further development
- Be able to demonstrate an understanding of current issues in education that are clearly reflected in the webfolio
- Be able to discuss ways in which research, theory, and knowledge impact school and school leaders
- Be able to discuss ways in which technology impact schools and their leaders
- At the conclusion of the examination, the intern provided clear and consistent evidence that he/she had the expected level for a MSA intern and is an excellent candidate for a position as a school administrator

Visit the Department of Educational Leadership for an updated MSA Internship Manual
Licensure Information

The department chair's verification of the completion of all degree requirements including SLPs is necessary to meet North Carolina principal license statutes (012, class P) and be eligible for the North Carolina curriculum instructional specialist level 1 license (113, class S). To add the permanent 113 license, North Carolina requires the candidate pass the Praxis II in Educational Leadership.

As a partial requirement for candidates to be recommended for licensure they must successfully complete all requirements for the degree including course work, comprehensive examinations, and computer proficiency.

The primary requirement for principal licensure (012) is successful completion of the six (6) service leadership projects related to the Leadership Evidences (see Service Leadership Handbook - http://www.ecu.edu/cs-educ/leed/Current.cfm). A team of faculty in the Department of Educational Leadership will review the completed projects and determine if the candidates have demonstrated a level of “proficient” in all the identified descriptors for the North Carolina School Executive Standards. In addition, the licensure application should include the NCDPI Summative Certificate of Competency demonstrating that the candidate met NCSES competencies and signed by the site supervisor, the candidate, and the ECU MSA coordinator.

Candidates apply for licensure through the online system at the NC Department of Public Instruction. The candidate's application must also include a summative assessment of the candidate’s skills as evaluated by the site principal, agreed to by the candidate, and signed in agreement by a representative of the Department of Educational administration.

Please note that any incomplete grade must be removed before one can graduate and be recommended for licensure.
