Economic impact to eastern North Carolina

$112,640*

Over the last 5 years, students served their internships in 12 eastern North Carolina counties, with 51 individuals interning in Pitt County high schools.

Candidates in English Education scored above the state and national average on edTPA (national performance assessment).

Between 2009 and 2016, graduates were employed in 29 NC counties, including the largest and smallest counties in the state.
