**OBJECTIVE** A summer internship with an ASID or IIDA accredited interior design firm involved in commercial and residential projects which will build my skills in architectural drafting, project management, and concept development.

**CAPABILITIES PROFILE** I have proven capabilities in a wide arena including:

- Editing
- Layout Design
- Organizing
- Space planning
- Presenting information
- Selecting Materials
- Managing Projects
- Detail-Oriented

**EDUCATION** Bachelor of Science, Interior Design from East Carolina University, December 2006  
G.P.A.: 3.31/4.0

Study Abroad: Examined Architecture, culture, and art in London, England and Paris, France with East Carolina University in May 2004.

**COURSEWORK** Residential Design, Commercial Design, Public Speaking, Historic Interiors: 3000BC through Mid-Nineteenth Century, Kitchen and Bath Design, Advanced Computer Aided Design, Problems in Interiors, and Interior Design for Adaptive Reuse.

Computer Skills: Microsoft Office 2004, AutoCAD, Adobe Photoshop

**PROJECTS** The Courtyard Tavern and Restaurant - Incorporated concepts of lighting through design by remodeling the restaurant. As a team, we created a system which allowed causal lighting during the day by utilizing natural light, but at night created a more formal atmosphere by incorporating ambient lighting and focal glow. The renovations saved energy and were highly reviewed by the university students.

New Day Designs Firm - Our team created a successful and functional design firm on paper. The team established the workings of the ethical, legal, and business aspects of our firm after several interviews with a wide variety of design firms in the area. The project was informative of the business and marketing aspects of a real-world interior design firm.

Tiger Tops Lodge in Nepal - This individual project required a 1500 sq/ft public building be constructed utilizing the aspects of the culture where the building would be located. I remodeled an existing lodge in Nepal utilizing products that were sustainable. The project was entered into an IIDA sustainable design student competition through East Carolina University.

**WORK EXPERIENCE**  
08/04-present Boli's 5th St. Pizzeria, Greenville, NC  
*Server/Bartender*

1/03-06/04 Hideaway Grill, Greenville, NC  
*Hostess*

**PROFESSIONAL ORGANIZATIONS** ASID student member.
