  o Thank all students for attending Shipmates
Hello Everybody,

Thank you all for attending the first event of Shipmates and First Year Programs.

Shipmates is a program for students who are interested in becoming involved with SGA. The purpose of this program is to help students gain leadership skills and advance their future involvement with SGA. This program is fairly new so I am excited to see how this program helps students progress and become future members of SGA.

I’m Mark Matulewicz and I will be directing the Shipmates program this year. A little about my self—I am originally from the Outer Banks of North Carolina. I am currently a sophomore studying finance and economics.
