

# Summer 2018 Service Schedules

Due to lower ridership for summer classes, ECU Transit scales back the amount of service offered during both summer sessions. Most stops in the system are still served, although the route, times, and frequency may vary. Just like during fall and spring semesters, most summer routes experience a morning rush as classes begin. Trips just before this morning rush are typically much less crowded, so please consider catching the bus early to help ensure you arrive on time.

## Service Calendar

An up to date service calendar is maintained online at [www.ecu.edu/transit](http://www.ecu.edu/transit). When planned service interruptions such as breaks, holidays, or other events will affect any route's normal schedule, they are included on the service calendar so you can plan ahead.

## Alphabetical Listing of Stops

### Multiple Service Blocks

Service for each day is broken into multiple blocks which operate on different schedules to adapt to our riders' needs. Earlier in the day, service is dedicated to a single location. Later, additional stops are added during off-peak periods. When one schedule takes over from another, the route number and name displayed on the bus remains the same, but the schedule block and stops served change in the tables above.
