

# East Carolina University

*A special invitation to honor your graduate*

# Personalize a brick

Parents of East Carolina University graduating seniors have a unique opportunity to honor their student's achievement. By supporting ECU's Student Life programs with a gift of \$250, you can recognize your student's success with a personalized commemorative brick.

Graduation from East Carolina represents a significant rite of passage for your student. The commemorative brick program allows you to permanently mark that passage. Each inscribed brick will be placed in the Cupola Plaza located on the campus mall.

The Old Austin Cupola is a replica of the cupola that sat atop East Carolina's first administration building. The cupola represents East Carolina's long history of commitment to quality higher education. The cupola is surrounded by a brick plaza that contains pavers honoring alumni, faculty, and friends of the university. Bricks honoring your graduate's class will be grouped together in the plaza and will set the pattern for subsequent classes.

When you honor your graduate, you also benefit current and future students at East Carolina. Proceeds from the personalized brick program support various enrichment activities provided by the Division of Student Life.

Your inscription may include any of the following items:

- Student's name
- College, school, program, or major
- Fraternity or sorority
- Campus-sponsored organization

Please note that the last line of the inscription will read "CLASS OF \_\_\_\_\_."
