

International Education Week 2018 will be celebrated the week of November 10th to November 16th. This joint initiative of the U.S. Department of State and the U.S. Department of Education, observed in over 100 countries worldwide, is part of their efforts to promote programs that prepare Americans for a global environment and attract future leaders from abroad to study and learn in the United States. It is the perfect opportunity to showcase ECU's global impact and highlight our campus diversity, which includes over 300 international students and scholars and the hundreds of internationally-minded students, faculty, staff and community members.

During IEW we would love for you to share your IEW experiences with us. Hashtag your Instagram photos with #IEWatECU to be reposted. Also, be sure to follow @ECUGlobal.
