The Asian Faculty Interest Group meets on the third Friday of each month  
in the fall 2009 semester.

The Center for Faculty Excellence has launched the ECU Asian Faculty Interest Group (FIG), which will provide monthly meetings for faculty members throughout the Fall 2009 semester. This faculty interest group is an outgrowth of last spring's session, "From Asia to Greenville: Piecing Together Cultural Experiences," which included a roundtable discussion by Asian faculty members on adapting to life in eastern North Carolina and at ECU and an introduction to resources for international faculty. The meetings will take place the third Friday of each month, aiming to provide an opportunity to share experiences and learn about university and community resources. This event is sponsored by the Center for Faculty Excellence.
