

WIND ENERGY

Alternative or Distraction?

Wind energy is one of the fastest growing alternative energy sources, but there are also concerns about wind energy's impact on the environment, property values, and local tourism. Join our panel of experts for a free public discussion on these issues with guest speaker Dr. Mike Slattery, director of the Institute of Environmental Studies at Texas Christian University. Topics will include:

- Environmental Impact of Wind Farms
- Wind Turbines & Coastal Recreation on the Outer Banks
- Demonstration of Wind Farm Visualization on the RENCi VisWall
- Public Perception of Wind Turbines

The speakers will be followed by a Q&A session.
