Memo:

Subject: BUSI Changes

As a result of ongoing assessment efforts within our Leadership & Professional Development Program (LaPDP) we would like to request the following changes:

Revision of BUSI2200 and Removal of BUSI2201
BUSI 2201 is the external lab component of the BUSI 2200 course. In the fall of 2011 we surveyed over 200 students that had recently completed BUSI 2200 & 2201. The results indicate that we are not achieving the desired outcomes in the 2201 (lab). By eliminating the lab (2201) and incorporating the actual activities in the class (2200) we believe we can improve the results.

Course Name Changes:
Students have also indicated the use of Leadership I, II, & III causes confusion. We believe that simpler more direct names will better inform the students of the course content.

Catalog Edits
We also request minor catalog edits to better communicate course scheduling to students.

Budget Statement
Due to recent faculty retirements, the COB will be able to hire an additional BUSI2200 instructor to handle the additional classes.

Accompanying this memo are the BUSI 2200 Course Revision form as well as the Marked Catalog Copy for these requests. We look forward to discussing these changes in detail at an upcoming UCC meeting.

Thank you for your attention to this matter and please let us know if we can provide any additional information.
