Student Parking:

The Career Center has very limited parking availability and employers are given priority for parking located behind the Career Center. Because of this, students are not permitted to park behind the Career Center. ECU ticketing and/or towing will be enforced. Please allow yourself enough time to locate a parking space before your appointment time. Note that students who are 15 or more minutes late will be marked as a “No Show” and will need to reschedule their appointment.

As shown on the map below, metered parking areas are located on Trustees and Chancellors Way across from the Career Center. There is also a metered lot located 3 blocks down from our office on Harding Street. Additional metered parking is shown by a pink “M” or a pink parking lot. Please be aware that parking on Jarvis Street is for those who have a city issued permit. Those who park on Jarvis Street and do not have a city issued permit are subject to being towed by the City of Greenville.

In addition to the parking options listed above, there are several ECU transit routes that drop off close to The Career Center. To view these drop off locations, please see ECU’s Transit routes by clicking here.
