PROGRAM OVERVIEW
CAS describes the contemporary purpose of Campus Activities offices and programming as “the combined efforts of clubs and organizations established for and/or by students to serve to educate, develop, or entertain the campus community” (CAS, 2012, pg. 92). Campus Activities Program (CAP) programming should then “enhance the retention and graduation of students and strengthen campus and community relations” (CAS, 2012, pg. 94).

We have adapted these statements to provide a clear and concise vision and purpose for student activities programming at East Carolina University, summarized best by our three ‘E’s – Educate, Engagement, and Entertainment – and embedded three key learning outcomes into our office and all programming.

“We will contribute to the holistic student experience through student development and involvement. We will: EDUCATE, ENGAGE, AND ENTERTAIN.”
