Evaluation Procedures
In September, the Academic Awards Committee appoints three to five members to serve as the selection committee. Following the appointment or election of a selection committee chair, the selection committee will develop a checklist and rubric for evaluating and scoring the application packets in accordance with the approved award procedures.

In November, packets will be made available to members of the committee, and the selection committee will review and evaluate the submitted materials according to the developed checklist and rubric. The checklist and rubric must mirror the award guidelines. After review of submissions, selection committee will identify their top candidates in rank order for committee discussion.

In December, the Academic Awards Committee will forward to the Vice Chancellor for Research, Economic Development and Engagement the names of all nominees, indicating those they have selected to receive the awards, and the supporting documentation of the selected recipients. The Vice Chancellor reviews the selected recipients’ research materials in accordance with the approved award procedures and either concurs or meets with the committee to seek resolution.

In the Spring, the award recipients will be recognized during the annual Research and Scholarship
Awards Ceremony. Following the public announcement of this award, the Vice Chancellor will send letters of recognition to the recipients and letters of appreciation to nominees.

The award-winning portfolios will be kept on file for public review in the Office for Faculty Excellence Reading Room, Joyner Library.
