OTHERS IN ATTENDANCE:

John Crammer convened the meeting at 3:30 PM January 30, 2001 in Rawl 142. The minutes of the last meeting were not available.

Bob Denney pointed out that future calendars should say Weekend Program or Weekend classes instead of Weekend University.

Concerning the possibility of Sunday commencement in the Fall, the Chancellor and Administrative Council have not expressed objections; some faculty and staff have sent e-mails objecting to Sunday commencement.

John Crammer suggested that the Faculty Senate give us an alternate calendar if they don’t like the one we send.

Angela Anderson suggests the following changes for Fall 2002. August 9—Schedules cancelled at 4 PM. August 12—Fall semester fees accepted with late processing fee.

The committee agreed that the state holiday makeup day for Labor Day will be on Tuesday, September 3. Changes for Spring 2003: Because of problems concerning financial transactions, classes will start on Tuesday, January 7. Other changes are: Schedules cancelled on January 6, January 13 will be the last day for schedule changes, January 14 will be last day for changes (add only) and weekend program changes. The Friday makeup day will be on April 30, commencement on Saturday May 10. Instead of Reading Day, the light exam day will be on May 1 (Crammer will look at class counts for the exam schedule). Change makeup days so that Tuesday, January 21 will be Monday make up day for the Martin Luther King holiday.

After the above changes were adopted, we made the following changes to Fall: instead of Reading Day have the light exam day on December 11 and commencement on Saturday, December 15.

Changes to Summer 2002: Schedules for second summer session cancelled on Monday, June 24; registration for second summer session on June 25; new student registration on June 26; final exams for first summer session on June 26; second summer session classes begin on June 27. Also change to state new student registration for first summer session on May 20.

Meeting adjourned at 4:30.
