

CoC meeting

March 14, 2023 via Teams

Present- Toyin Babatunde, Donna Roberson, Gabriel DiMartino, Melinda Doty, Hong-Bing Su, Ryan Martin

Ex-officio: Anne Ticknor, Puri Martinez

Absent: Roger Russell

Item: Research/Creative Activities Committee charge

Discussion: Discussed and the group continues to have concern about there not being a being a designee from REDE. Noted the Research – Intensive designation added under part C. There is no criteria for RI designation, but the committee is working on this. UCC approved the RI designation at their last meeting. Concern about the great reduction in ex-officio representation – less faculty representation is a potential result.

Action: Roberson will advise the chair of the committee that the proposed changes cannot be managed until the RI situation has been approved by Senate. Anne Ticknor will bring up loss of ex-officio with committee chairs today

Item: Service-learning committee charge

Discussion: Much discussion on the response from the committee that they feel they are consultants not reviewers. A need was noted to have an interval for review of SL courses every 5 years.

Action: Roberson will send to chair of committee
