(1.) Proposal of New Course: THEA 3021

Discussion:

Professor Donohue presented. Dr. Greer asked if the department was willing to make the changes as requested by the English Department. Professor Donohue said that this has been changed to read what was requested. “This course will offer a write-to-learn WI option (model three) for majors, who presently can meet their WI requirements only through the academic writing WI option (model one) in Theatre History and Lit.”

Dr. Allen recommend that it be included, in the justification statement, that the faculty voted to approve the proposal. He also asked about the course credit as three hours and how is the course to be taught. They agreed the studio definition was appropriate. He also asked if the ITCS box needs to be checked as needed or not needed. Professor Donohue said that ITCS resources were not needed.
Dr. Greer recommended that the objectives start with active verbs. Dr. Vail-Smith recommended that the syllabus not note the day increment and replace it with “topic:”.

**Action Taken:**

Dr. Griffin moved that the proposal be approved by amended. Dr. Greer seconded. Motion passed.

Request to withdraw portions of the CDFR curricular actions approved at the 04-12-12 I of II UCC meeting prior to Faculty Senate review. – Section IX of 04-12-12 I of II UCC minutes withdrawn; new package review (see below)

**Discussion:**

Dr. Kain explained that CDFR presented changes proposed and approved last April (4-12-12 I of II). They have changed their mind regarding part of what had been approved by UCC. Thus, they are asking not to do some of what had been approved, and are asking UCC to withdraw some parts of items from the 4-12-12 minutes that they have eliminated from their original memo of request. Other items, including subsection (1) Revision of Existing Course(s): CDFR 4001, 4002, changes to prerequisites, and other changes to programs would go ahead. Diane Coltraine was consulted to compare the new catalog copy submitted for accuracy given the changes in the request; some additional corrections have been identified. Chair Kain recommended that since the unit was not asking to do anything that had not been approved—just not everything that was approved—we take this action and consider the current revised submissions as information.

The committee discussed the issues related to taking out only parts of the original request. The current memo of request contains text that is struck through, which is not the usual practice in revisions to packages and could be confusing, though new marked catalog copy was provided. Reece Allen pointed out two places where the catalog copy still differs from what was approved in April—a change to credit hours was added in two places in the current marked copy where the copy was struck through in the previous version. That constitutes changes that were not part of the package in the spring. All catalog copy needs to be rechecked to make sure that it accurately reflects what is requested in the revised memo of request. The committee requests a new memo of request that includes all the curricular changes that are going ahead but no reference to the items that are not included and no struck-through text. A new signature form is also required. We will accept the previous approval of the revised courses as part of the current package. The committee asks that changes be submitted within a week as is the norm for amended packages. In addition, the committee decided that the change to the UCC minutes requires committee approval. The result of these decisions is that Agenda Item: IX. College of Human Ecology, Department of Child Development and Family Relations will be withdrawn from the UCC 04-12-12 I of II
minutes, which have already been placed on the 10-03-12 Faculty Senate agenda. Chair Kain will contact Sharon Ballard and Ginger Woodard to explain the committee’s decision.

**Action Taken:**

Dr. Greer moved that UCC withdraw Agenda Item: IX. College of Human Ecology, Department of Child Development and Family Relations from the approved 4-12-12 I of II minutes. Dr. Griffin seconded. Motion passed.

Dr. Kain will explain the withdrawal to the Faculty Senate at the 10-03-12 meeting.

Reconstructed CDFR Package for 09-27-12 UCC Review – Added (new package) Committee would like the unit to resubmit the package as new. Chair Kain will communicate needed revisions to the unit. Unit will be asked to submit a new memorandum of request and signature form. All parts of the package should be consistent with the new comprehensive memorandum.

(4.) Investigate the possibility of an electronic submission process. An electronic submission process would ensure that all forms are up to date and include required information. Reece Allen is charged with reporting about this to the UCC.

Discussion:
Dr. Allen said that this is in process.

Action Taken:
NA

Agenda Item: VI. New Business

(1.) Create an articulated process for the development of a new minor

Discussion:
Dr. Kain said that we do not have an articulated process for the development of a new minor. Thus, she wanted to discuss UCC members’ opinion on developing a template to do so.

She asked for a sub-committee to address this.
Action Taken:

Drs. Greer, Allen, and Swank volunteered.

(2.) Signatures Required for Revision of Courses with New or Existing Designations

Discussion:

Dr. Kain stated that any package submitted that includes the revision of a course with new or existing designations (FC, SL, WI) requires a signature from the chair of the applicable committee on the UCC signature form. We’ve run into problems and questions sometimes with course revisions. The UCC does not determine what level of review will take place by each of these committees. The signature will indicate that the committee is aware of the proposed change and has completed any review they deemed appropriate. The UCC has always required a signature for new designations, except in the case of WI by which a memorandum was at one point accepted in lieu of the signature on the signature form. This will have a greater impact on courses with proposed revisions that already have an approved designation. If a new course is proposed, and the signature has not been obtained from the appropriate committee, the designation will have to be removed from the course in order for the request to be placed on a UCC agenda if faculty want to go through UCC first.

The UCC agreed that this operating procedure would better streamline the process. Accepting a combination of e-mails, memoranda, and signature forms made it difficult in the past to determine if the proper notification and/or review for each action had taken place. By requiring the chairs’ signatures in all cases as outlined in the UCC procedures, this confirms that the unit has in good faith made contact with the appropriate committees.

Action Taken:

Chair Kain will make contact with the SL, WAC, and FCIE chairs regarding this process change.

College of Human Ecology
Department of Child Development and Family Relations

Cynthia Johnson, Chairperson, 108 Rivers Building

The Department of Child Development and Family Relations offers programs that prepare students to work with children and families in educational, governmental, community, and child health fields.

Early Childhood Education and Child Development

The department has two options in early childhood education: teacher licensure and child development/early intervention. Students interested in working with young children in public schools may choose the birth through kindergarten education (BK) program. Students interested in working with agencies that provide education and services to young children such as early intervention, Head Start, developmental day, and exceptional children programs may choose the family and community services program (child development/early intervention option).

Family Studies and Consumer Science

The department has two options in family studies. Students interested in teaching about children, families, and consumer issues in middle and high schools may choose the family and consumer science education program. Students interested in working with families in community, governmental, and family services programs may consider the family and community services program (family studies option).

Students complete course work in partial fulfillment of the Family Life Education Certification from the National Council on Family Relations, the Infant-Toddler Program Personnel Certification from the NC Department of Health and Human Services, Child Life Certification from the Association for the Care of Children’s Health, and teacher licensure in family and consumer sciences education and birth-kindergarten teacher education from the North Carolina Department of Public Instruction.

BS in Birth Through Kindergarten Teacher Education

Freshmen may declare birth through kindergarten (BK) teacher education as their major. Transfer students must have completed at least 12 s.h. at East Carolina University with a minimum cumulative grade point average (GPA) of 2.5 to declare. Prior to enrolling in selected courses, all BK majors must be admitted to the Upper Division of Teacher Education. Requirements for admission to upper division include, but are not limited to, satisfactory scores on all parts of PRAXIS I, a minimum cumulative GPA of 2.5, and demonstration of computer competency. In addition, BK majors must achieve a minimum grade of C in all courses required for the major. Students earning less than a C in a prerequisite major course must repeat the course before the subsequent upper-level course may be taken.

A semester-long internship is the culminating experience for BK Teacher Education majors. Applications for admission to internship (CDFR 4324, 4325) must be submitted to the internship coordinator one year prior to the semester in which the student will complete internship requirements. Prior to internship, BK majors must have completed the following courses with a minimum grade of C: CDFR 1103, 2000, 2001, 2123, 2124, 3150, 3215, 3306, 3321, 4121, 4122, 4123, 4200, 4300, 4320; EDTC 4001; EDUC 3002, 3200, 4400; ELEM 3249; SPED 2000, 3005. Students who successfully complete all requirements and have a minimum cumulative GPA of 2.5 are recommended for BK licensure. A minimum grade of C in internship is required for licensure. Additional information about upper division, internship, and NC teacher licensure can be found in the College of Education section of this catalog and in the handbook, Welcome to Teacher Education.
The birth through kindergarten (BK) teacher education program is offered both on-campus and online. Online delivery is designed as a 2 + 2 degree-completion program that is administered in cohorts. To be admitted to a distance education (DE) cohort, individuals must first be admitted to ECU and contact the DE coordinator for admission to the BS BK DE cohort. Criteria for admission to the BS BK DE cohort include completion of all foundations curriculum requirements, passing scores on all parts of PRAXIS I (or designated SAT or ACT scores,) computer competency, and reliable Internet access. BS BK DE cohorts begin fall semester each year. Information about the proposed schedule for offering courses online can be found at www.ecu.edu/che/cdfr. The BS in BK teacher education program requires on-campus attendance for orientation, admission to upper division interviews, and senior-year internship seminars.
